PHILIP CENEDELLA,
THOMAS F. MALLOY,
JOHN E. HIGGISTON,
Selectmen of Milford.

REPORT OF THE HIGHWAY DEPARTMENT.

January 4, 1926.

To THE VOTERS OF THE TOWN OF MILFORD:—

I hereby submit my report as Highway Surveyor of the Town of Milford. Elected to and taking charge of the department March 3, 1925, and having as a balance on hand the expenditure of about \$39,000 of the general appropriation on highways to be expended from March 3 to December 31, 1925.

STREETS REBUILT WITH TRAP ROCK, TARVIA OR ASPHALT.

The following streets received from 3 to 6 inches of trap rock and were penetrated and sealed with either tarvia or asphalt, widened and drained, and should give excellent service for years to come. 1500 ton trap rock, 13,150 gals. asphalt, 7350 gals. tarvia X, 150 yds. sand, 4 culverts with basin, 100 ft. 12-inch pipe, and 400 yds. sub-grade material:—

Cedar St. section at Catholic cemetery, 750 ft. in length and 21 ft. wide.

Clark St. Entire street rebuilt, 243 ft. long, 16 ft. wide.

Claflin St. section near Franklin, 150 ft long and 20 ft. wide.

Fayette St. Entire street rebuilt, 780 ft. long, 18 ft. wide

Franklin St. section between Grove and Claflin, 300 ft. in length and 21 ft. wide.

Grove St. section between Franklin and Forest, 1100 ft in length and 21 ft. wide.

Prentice Ave. Entire street, 416 ft. in length, 18 ft. wide.

State St. Entire street, 446 ft. in length, 21 ft. wide.

7200 gals of tarvia was used to resurface the following

streets: Grant, Jefferson, Court, Main, Spruce, Walnut, Supple Square and part of East Main.

The following material was applied to the various gravel roads: 2546 yds. of gravel, 684 tons stones and 3329 yds. of cinders.

Madden Ave. and Whitney street were special appropriations and required considerable filling and excavating, also received 556 yds. of cinders, 850 yds. gravel and 250 ton cobble stones.

No. Bow and Congress streets were widened and resurfaced in sections, requiring 1300 gals. tarvia and asphalt and 250 ton of stone and sand.

714 yds. of stone and cold patch were used to keep the various macadam streets in condition.

16,000 gals. of road oil was applied to the various gravel or cinder streets.

2500 ft. of both open and covered drains and culverts were cleaned, also 18 new catch basins, 1365 ft. of 10 inch pipe, 136 ft of 12-inch pipe and 100 ft of 8-inch pipe were placed to construct new and repair old drains on the following streets: Cook, Cedar, Church, Congress, Grove, Grant, Mechanic, Purchase, West Spruce, West Walnut, Winter, West, Highland and Pond streets.

Road scraping, gutter cleaning, brush cutting, cleaning basins, painting and repairing signs and fences is a large item and requires considerable labor, and is quite an expense on the department.

BRIDGES.

Over 6000 ft. of 3-inch chestnut planking and many heavy stringers were used on the bridges. We were required to rebuild the Wood and Vernon Grove cemetery which are large ones, and repair most every other wooden bridge in town. I recommend that there should be at least one of these wooden bridges replaced with cement each year.

SIDEWALKS.

Bancroft Ave. New walk, concrete 396 yds.

Church St. New concrete walk 401 yds., 360 ft. new curbing, 30 yds. cinders for fill.

Chapin St. New bunters 350 ft., 60 yds. gravel for fill.

Central St. hill. Gutter repaved and bunters reset 200 ft. Resurfaced with 132 yds. concrete and reset 75 ft. curb.

Congress St. New concrete walk 482 yds., resurfacing tar walk 182 yds.

Forest St. Reset 100 ft bunters and 5 yds. cinders fill

Franklin St. New concrete walk 357 yds. and 30 yds. cinders for fill, also new walk with 700 ft. bunters.

Granite St. New concrete walk 160 yds., 100 ft. new curb and 17 yds. cinders fill.

Hayward St. New walk, 450 ft. bunters, 28 yds. gravel and 4 yds. cinders for fill.

Main. New concrete from near Taylor to Prospect, 200 yds. concrete and 50 yds. cinders.

Lincoln St. New walk, 80 ft. bunters, and 15 yds. of cinders for fill.

Mechanic St. 100 ft. new bunters and 10 yds. cinders for fill.

Myrtle St. 150 ft. new bunters.

No. Bow. Resurfaced walk 100 yds., concrete.

Oliver St. Reset curb 200 ft.

Pearl St. New concrete walk 338 yds.

Pine St. New concrete walk 508 yds. and 6 yds. cinders for fill.

Prospect St. New bunters 150 ft.

Purchase St. Resurfacing walk 100 yds. and 15 yds. cinders for fill.

So. Bow St. New concrete walk 1000 yds., new curb and bunters 500 ft, and 40 yds. of cinders for filling.

School St. Resetting curb 175 ft, resurfacing walk 100

yds. and 30 yds. gravel, 10 yds. cinders, 2 yds. loam for filling.

Walnut St. New concrete walk 225 yds. and 10 yds. cinders for filling.

Water St. New concrete walk 105 yds. Reset 100 ft. bunters and 20 yds. cinders for fill.

West Spruce St. New curb 700 ft. and 25 yds. cinders for fill.

EDW. C. BEAULAC,
Highway Surveyor.

TREASURER'S REPORT.

GEORGE A. BARRY IN ACCOUNT WITH THE TOWN
OF MILFORD, MASS., AS TREASURER.

 FREDERICK A. NEALON,
 Assessors of Milford.

REPORT OF THE BOARD OF HEALTH.

The Health Department presents herewith its annual report for the year ending December 31, 1925.

There are at least three common diseases that can be prevented. Any case of these diseases in your family means that available methods have not been used.

(1) Smallpox may be prevented through vaccination. Recently smallpox has been widely spread over the country and in some places it has been of the malignant type.

(2) Typhoid fever may be prevented through the periodic injection of typhoid vaccine. "Vacation" typhoid is mounting with the increased crowding of the country.

(3) All your family can be protected against diphtheria. Your private physician will explain how.

Diseases of middle life due to "wear and tear," such as Bright's disease, arteriosclerosis, cancer and diabetes are increasing. These diseases can be combatted by corrected habits and early recognition. Periodic health examinations at all ages may save you from or mitigate these diseases.

There were no serious epidemics of contagious diseases, but 138 cases of measles were reported during the year. This disease, although lightly considered by many of the laity, is one of our most contagious, and its aftermaths are serious, pneumonia or eye and ear troubles often resulting. One reason for its rapid spread among school children is because the contagious stage is previous to the rash, and is often mistaken for light colds.

Sixteen cases of tuberculosis were reported, an increase of four over last year.

The number of diphtheria cases reported this year shows an increase of eleven over last year. Had the sug-

gestion of the Health Board in 1924 regarding the Schick-ing of school children been acted on, many of these would have been avoided.

On May 1st, 1925, a contract was made with Rutland and the Worcester County commissioners to care for all county tubercular cases for \$17.50 per week. Towns and cities pay to the commissioners \$7.00 per week, and legal residence must be established before admission. This is an increase of \$3.00 a week over previous years and will necessitate a larger appropriation for tubercular care. The local dispensary through its physician and nurse has made every effort to get in touch with contacts and suspicious cases not under care of a physician. Their work can be greatly aided by the co-operation of physicians and school nurse. Forty-seven new patients have been examined at the clinics held on Tuesday afternoon and Friday from 7:30 to 8:30 P. M.

On May 16th, William Gallagher was appointed meat inspector to assist James J. Fullum.

The collections of garbage, papers, ashes and disposal of dead animals should be under the jurisdiction of the Highway Department, in the opinion of the Health Board and we so recommend. On May 15th Mr. John Casey was awarded the contract to collect the garbage for the Town for the sum of \$1,200 and was bonded for the faithful performance of his work.

The Board further recommends the extension of the sewer on Lawrence Street, as it did in the report of last year, as we have had two outbreaks of typhoid fever on that street.

A petition submitted to the Department of Public Health and referred to the State Department of Agriculture, concerning the conditions of the Charles River, resulted in a notice being sent to all interested Milford citizens of a meeting to be held in Dewey hall, April 25th, 1925. At this time a local Reclamation Board was formed as provided in Chapter 252 of the General Laws of Mas-

sachusetts and amendments thereof, and conforming to Chapter 457 of the acts of 1923.

Object—To dredge and straighten where necessary, and do away with flooding conditions along the banks of the Charles River to abutters, and make conditions as sanitary as possible.

The members appointed to serve on this Board by the State were: F. H. Lally, Chairman; F. P. Lee, George H. Locke, P. L. Lally, Philip Cenedella, Gilbert C. Eastman, Clerk.

At a special Town meeting held August 3rd it was voted to allow the Town to borrow \$10,000 for this purpose. Due to a technicality in the motion as presented, it was necessary to call another meeting, which was done on October 28, when the following vote was taken:

Voted: That there be raised and appropriated the sum of \$10,000.00 for the purpose of improving the unsanitary conditions in the Charles River valley, the money to be expended by the Board of Health in carrying out the plans of the Milford Reclamation District under the direction of the State Reclamation Board, and that to meet said appropriation, there be appropriated from the surplus war bonus fund, so called, the sum of \$3,600.00, and the treasurer, with the approval of the selectmen, be and hereby is authorized to borrow the sum of \$6,400.00 and to issue bonds or notes of the Town therefor, said bonds or notes to be payable in accordance with the provisions of Section 19 of Chapter 44 of the General Laws so that the whole loan shall be paid in not more than five years from the date of issue of the first bond or note or at such earlier dates as the treasurer and selectmen may determine.

Let me here commend the unanimous action taken by the Sgt. John W. Powers Post of the American Legion to relinquish all moral rights to the surplus war bonus fund, so called, and whole-heartedly assented to its use for civic

betterment by the Reclamation Board for dredging the Charles River.

The contract for the work was awarded to Antone & Ransome of Greenfield on November 3rd, as their bid of \$7,707 was the lowest. Other bids submitted were True-love Taylor of Milford for \$9,430, and Mr. Abell Stevens of Waltham for \$10,420.

Expenses to date are as follows:

C. A. Blaisdell, advertisement in Boston Globe	\$29 60
Chamber of Commerce, taxi for State Recla- mation Board, blueprints and stenographer service, printing of warrants, envelopes, stamps and registered letters.....	46 97

REPORT OF INSPECTORS OF MEATS AND PROVISIONS.

To the Honorable Board of Health:

Gentlemen:—Herewith we present the following report of the Meats and Provisions Department.

During the year ending December 31, 1925, there have been two slaughter-houses, legally licensed, in operation, killing cattle, calves, hogs, and sheep.

In the past year there have been 1,263 cattle, 2,637 calves, 644 hogs and 25 sheep slaughtered.

During the year fruit and peddlers' teams and markets and fruit stores have been inspected and found in most cases complying with the laws.

JAMES J. FULLUM,

Inspector of Meats and Provisions.

WILLIAM E. GALLAGHER,

Asst. Inspector of Meats and Provisions.

DENTAL REPORT.

The report of the operating at the Milford Dental Clinic for the year ending December 31, 1925, shows an increase in the number of visits over the previous year. The children are taking more interest in the Clinic apparently. The Clinic has been open throughout the school year.

The account of the operations, together with the financial statement, follows:

Extractions, deciduous teeth.....	1,148
Extractions, permanent teeth	188
Treatments	303
Fillings, deciduous teeth	733
Fillings, permanent teeth.....	982
Prophylaxis.....	663
<hr/>	
Total Number Operations.....	4,017
Total Number Patients	1,839
Total amount collected from children.....	\$135 08
Balance on hand January 1, 1924.....	24 06
<hr/>	
Expenses for year ending December 31, 1925	\$159 14
	122 20
<hr/>	
Balance on hand December 31, 1925....	\$36 94

The expenses were as follows:

Gibney Linen Supply Co.	\$43 93
Cleaning office	25 50
Electric Light & Gas Co.	24 17
W. P. Clarke, printing	4 00
S. S. White Co.	13 00

MILFORD TOWN LIBRARY.

REPORT OF TRUSTEES OF THE TOWN LIBRARY.

December 31, 1925.

To the Citizens of Milford:

I have the honor to present the report of the trustees of the Town Library for the year ending December 31, 1925.

Since the last annual report, we have experienced the loss of our faithful librarian and fellow trustee, Nathaniel F. Blake. Mr. Blake had been a member of the library trustees for 51 years and had served faithfully as librarian for 45 years. He was especially interested in the progress of the library and the people of Milford have lost a loyal servant. At the time that this report is going to print, it is pleasing to say that the trustees are about to hang two pictures, one of the late Patrick E. Sweeney, the other of Mr. Blake, in the library room, as a mark of the esteem in which they were held.

During the past year, it has been the good fortune of the trustees to have more funds available for the use of the library. Consequently, it was found possible to increase the salaries of those engaged in the library work and to offer better accommodations to our many visitors.

The circulation of the library during 1925 was much greater than that of last year and the increase in the circulation during the past ten years shown in the statistics in other parts of this report connotes a healthy condition in the library circulation. This annual increase has required a larger library staff. More people than ever have visited our reading room and made use of the large amount of reading matter found there. The school children are interested in reading and that naturally will aid them in furthering the ambitions of their teachers. It would aid greatly to be able to secure more new books

annually, but the trustees cannot hope to do so until \$200 or \$300 more is appropriated for library purposes.

As recommended last year, our library should be open daily and the stacks should be accessible to the public, but such recommendations cannot be carried out until such time as the community feels that a larger expenditure of money will be possible.

Very truly yours,

THOMAS J. NUGENT, D.M.D.,
Chairman of Library Trustees.

REPORT OF THE LIBRARIAN.

To the Trustees of the Town Library:

Gentlemen:—I submit herewith the sixty-seventh annual report of the library, for the year ending December 31, 1925.

This year, again, I am glad to report an increased circulation, a gain of 4,461 volumes, making this the largest year in the history of the library. A comparison table of the circulation for ten years follows the circulation table.

The library was open 303 days. Circulation for the year was 56,939 volumes, as against 52,478 volumes in 1924; an increase of 4,461 volumes.

Largest daily circulation, March 4, was 363 volumes. Smallest daily circulation, January 20, was 30 volumes. Average daily circulation was $187\frac{3}{4}$ volumes. Amount received for fines was \$230.42, which was paid the Town Treasurer, according to State law. Notices sent delinquents, 485; number of new cards issued, 505; visitors to reading room, 10,005.

The library contains, as per catalogue, 21,472 volumes, 317 having been added during the year; by purchase 231 volumes, by binding magazines 50 volumes, by gifts 36 volumes. The donors were State of Massachusetts, 8 volumes; Miss Mildred DeCoste, 14 volumes; the following one volume each, Appleton & Co., National American Woman's Suffrage Association, Miss Annie Daniels, T. F. Hall, B. N. Bogue, Stella A. Alexander, Acorn Press, Miss Doris Kiley, Bigelow Hartford Carpet

Company, American Legion, Universalist Sunday School, Commission for Relief in Belgium, the Shri Shivaji Literary Memorial Committee of Bombay, India, United States Government.

During the year, nearly all the books in the Department of Public Documents were discarded. Forty-seven (47) mail sacks, containing 1,874 United States Government documents, were returned to the Superintendent of Documents, Government Printing Office, Washington, D. C. Seventy-three (73) volumes of Massachusetts State documents, covering the years up to 1890, were sent to Edward S. Redstone, State Library, State House, Boston, Mass. This decreased the K section by 1,947 volumes, leaving in the department 503 bound volumes. There are 110 unbound and unnumbered volumes of the Patent Office Gazette.

The shelves in the basement, used for these discarded books, were filled with the History Department, removed from the main stack room. This rearrangement, with the addition of a new double eight-shelf stack, gives ample room on the main floor for the next year or two.

Lincoln Memorial Library has been purchased for the reference room. As one librarian has said, this has proved "a remarkably good short cut to knowledge."

The Massachusetts Library Commission has loaned a set of books for the use of the teachers of the High School.

A valuable book on carpets and carpet making has been given by the Bigelow Hartford Carpet Company. The library has been fortunate, in past years, in securing without cost, valuable books offered for acceptance. Among them, a volume on Time Telling through the Ages, given by Ingersoll Company; New England Aviators, 1914-1918; Private and Official Correspondence of Benjamin Butler; History of Woman Suffrage; Life and Works of Susan B. Anthony; World War books; Towns of New England and Old England, Ireland and Scotland;

France and New England; the last two came from the State Street Trust Company.

The trustees completed a list of 100 books compiled by 96 educated men and women. These books, gold starred, have been placed on a shelf near the Spruce Street windows, accessible to those who wish "to make their reading count," who wish "to read with a purpose." Here are found all kinds of books, old and new, fiction and non-fiction. Near at hand are the recent books of biography, travel, poetry, science.

The trustees have hung on the walls of the main room life size portraits of two members of the board in recognition of exceptional service in library work. Nathaniel F. Blake served as librarian from April, 1874, to March, 1883; then for 36 continuous years from March, 1889, until his death in February, 1925—a record of 45 years as a librarian. For 51 consecutive years, from March, 1874, until his death, Mr. Blake served as a member of the Board of Trustees. Mr. Patrick E. Sweeney was a member of the board for 25 years, and acted as chairman several years.

The regular routine consumes all the time which is available during library hours. The preparation of just one book for circulation requires after its arrival from the publisher, checking on two lists; seven, sometimes eight, entries in the accession book; one to three labels attached; numbers in three places; at least two typewritten cards for the card catalogue; listing on bulletin board; a coat of Barco for protection. Multiply this by the number of new books plus replaced and rebound volumes, and some estimate of time consumed will be found. Little time is left for work with the children and for reference work.

During the coming year the librarian hopes to use again the State Certificate Reading Course with the fifth and sixth grades. Two years ago this course was used with excellent results. The idea is to encourage children to use the public library and to become acquainted with a

few of the best books. A State certificate is given any child who reads and reports on five books from a selected list. An honor certificate may be given to any child who has won four ordinary certificates.

Charles F. D. Belden, director of the Public Library of the City of Boston, says, "There is no limit to the benefits which a free public library, adequately supported, can render to the community which it serves through the rich stores of information, entertainment and inspiration available in the books upon its shelves. Under wise management its public service is restricted only by the amount of its funds—the funds necessary for the purchase of books, for their housing and proper care, for the making of catalogues, indexes, and other bibliographic aids in their use, and for attracting to its staff men and women whose training and experience have equipped them for giving to the public the widest and wisest assistance in making use of library material."

The overseers, during the past year, have made many improvements to the Town Home, including painting the exterior, and a general overhauling of the plumbing and heating plants.

The farm in 1925 had more inmates throughout the year than for some time past. The lowest the enrolment was at any time last year was 27, while in 1924 at times there were only 14 inmates. This, coupled with the steadily advancing average age of the inmates, requiring more and more medicine and hospital attention in each succeeding year, is bound to increase the cost of operating the home.

Some of the voters have the mistaken idea that the overseers still have the income of their department to expend, in addition to the money appropriated by the town. This is not

so. We are not allowed to spend any of our income, this being turned in to the town treasurer.

We would earnestly recommend to the voters that money appropriated for the poor department henceforth be in one lump sum, instead of being divided between the Mothers' Aid and General Aid departments. This would enable our board to use the money where needed, near the close of the year, and avoid the expense of a special town meeting, such as was held last December, to transfer money. Of course, we would continue to keep two sets of books—one for Mothers' Aid account and one for General Aid—as at present, so that voters could ascertain at a glance just what each department is costing the town. The new method would allow the use of the funds, as needed, in either department, with the same system of bookkeeping as at present.

Respectfully submitted,

MICHAEL B. SWEENEY, Chairman,
FRED M. CROWELL,
FRED J. COLEMAN,

Overseers of Poor.

	\$7,787 52
Unexpended balance December 31, 1925	\$611 33

The maintenance account for the year was \$214.44 less than the amount expended during 1924, and taking into consideration the fact that both the new and old disposal plant was operated during the entire year your Commission feels that it is now in a position to satisfactorily dispose of the sewage for the Town without any substantial increase in maintenance costs.

We recommend for the coming year the following appropriations: For sewer maintenance the sum of \$7,500.00 and for General Sewer Construction the amount to be advised by the Finance Committee as we understand they intend to recommend a certain amount each year, and that all present unexpended balances in the construction account be transferred to the account of General Construction.

For a summary of the work done during the year in the construction of street sewers and in the completing of the

disposal plant we refer you to the report of the Engineers hereto appended.

The total house connections during the year was 35 making a grand total to date of 1483.

FRANK P. DILLON,
LOUIS P. PRATT,
ALFRED F. MARTIN,
Sewerage Commission.

Report of Engineers to Sewerage Commission

Boston, Mass., January 15, 1926.

Dear Sirs :—

Our report of the work done under direction of your Commission during the year 1925 is as follows :—

Street sewers were constructed by contract in Dominick, North and Quinlan Streets, an extension of the Westbrook Street sewer was made late in the season to relieve an especially unsanitary condition, this work being done at a cost basis by day labor. The year 1925 sewer construction has added 1290 feet to the length of sewer constructed.

The new Imhoff Trickler Plant for the disposal of sewage has completed its first full year of continuous operation with satisfactory results; construction work in connection with this plant is now completed with the single exception of setting a check valve in the secondary tank suction piping—this valve of special construction arrived too late to be set during the past year.

Your Commission is now in a position to meet the present demand for full treatment of the sewage wastes from the Town.

Very truly yours,

BARBOUR AND DIXON.

REPORT OF PARK DEPARTMENT, 1925.

REPORT OF THE Sealer of Weights and Measures.

Milford, January 1, 1926.

To THE HONORABLE BOARD OF SELECTMEN:—

GENTLEMEN:—I hereby submit my report as Sealer of Weights and Measures for the year ending December 31, 1925. All places of business in the town of Milford were visited by me after notifying by public notice as the law requires, that all scales, measures, etc., would be sealed without fee, if brought to my office.

SCALES, MEASURES, ETC., SEALED.

		Adjusted	Sealed	Condemned
Platform scales, over 5000 pounds	.	4	7	2
Platform scales, under 5000 pounds	.	36	97	9
Counter scales	10	75	4
Beam scales	3	33	2
Spring scales	10	64	8
Computing scales	11	52	6
Slot personal weighing scales	4	8	4
Prescription scales	4	9	1
Weights	6	824	24
Wet measures		248	23
Dry measures		10	4
Automatic gas and oil pumps	23	50	3
Yard sticks		75	10
Office calls for sealing	270
Outside calls for sealing	300
Paid for stamps, etc.	\$4 90
Sealing fees	\$141 30
Paid to Town Treasurer George A. Barry			\$137 80

Thanking the Honorable Board of Selectmen, and the public, for the assistance given me during my term of Sealer of Weights and Measures, I am,

Respectfully,

DANIEL M. O'BRIEN,
Sealer of Weights and Measures.

Report of Inspector of Wires.

To the Honorable Board of Selectmen:

I would submit the following report of the Wire Inspection Department for the year 1925, the eleventh year of the inspection service.

The inspections of interior wiring for the year were as follows:

Certificates issued for

249 meters in 194 finished buildings

69 meters in 57 new buildings

23 new buildings rough wired and not completed

30 special inspections

The increase in building activity has amounted to nearly 50 per cent over last year.

A new "National Electrical Code" has been issued the past fall and is now in force, though the changes are not radical.

The rapid increase in the use of appliances in the home has opened many problems, particularly overloading and overfusing of circuits. Both owners and tenants are urged to consult competent electricians, or the inspector, rather than cause trouble with your lighting system, or even fire, by ill advised action.

Electrically driven oil burners for heating and gasoline filling stations are two other lines of installations that require much attention from the inspector.

The business of the Milford Electric Light & Power Co. and the New England Telephone & Telegraph Co. shows a steady growth and has called for considerable increase in capacity during the year to provide for the demands.

The Electric Light Company has installed several

condenser equipments at points of the system where the power demand is heavy, that aid in better efficiency and more satisfactory service.

The poles of all companies have received many renewals and are at present in very good condition. The policy of joint use of poles is being extended, to the great improvement of the appearance of streets.

Respectfully submitted,

FRED. M. DANIELS,
Inspector of Wires.

Report of Town Solicitor.

TO THE VOTERS OF THE TOWN OF MILFORD:

During the past year this department has been busier in matters of interest to the Town than in any equal period which I can recall. A great deal of time was consumed in the so-called civil service litigation which was finally determined by an opinion of the Supreme Judicial Court of Massachusetts. This litigation involved two petitions for writs of mandamus, and in connection therewith a number of hearings were held before an auditor for the purpose of establishing the facts. The matter is now disposed of and the Police Department and the chief of police are decreed to be under the civil service law.

I have appeared in behalf of the Police Department in the prosecution of the following cases: 17 violations of the liquor laws; 7 automobile cases; 1 robbery; 1 breaking and entering; 1 larceny; 1 receiving stolen goods; and 1 collecting junk without a license.

The action of Florence Adams for injuries caused by a defective sidewalk, which has been pending for some time, has been settled.

The Town was trustee on several occasions on account of funds in its hands due under the contract for the construction of the Central Street drain but all of these have been disposed of.

I appeared for the Town in connection with the telephone rate hearings.

The requests for opinions and advice in the various departments have been numerous, in fact the whole period has been one of general activity and naturally the expense of the department has been increased by the demands made for extra service.

I thank all boards and officials for the patience and consideration which has been shown this department.

Respectfully submitted,

CHESTER F. WILLIAMS,
Town Solicitor.

REPORT OF INSPECTOR OF ANIMALS.

THE HONORABLE BOARD OF SELECTMEN:—

Gentlemen—I beg to report that as a result of periodic and annual inspection of animals in this town, I find that there is a marked improvement in the general health and housing condition. Cattle are more carefully chosen, in replacing, and owners are more careful to secure only tested animals, both state and Federal certified. While this locality is slow to accept the Federal test, I feel that milk producers are considering the matter seriously.

Contagious condition in swine has diminished greatly, due to inoculation and better sanitary conditions.

This town escaped the infectious disease of poultry that did so much damage to stock in New England, due to the timely quarantine put on by state authorities, and inspection. There was no rabies outbreak, and at the present no cases are in this vicinity.

DR. B. F. HARTMAN,
Inspector of Animals.

AUDITOR'S REPORT.

TO THE CITIZENS OF MILFORD:—

I have examined the vouchers drawn by the different departments of our town government, and the bills incurred by each department and find them correct and in accordance with their appropriations.

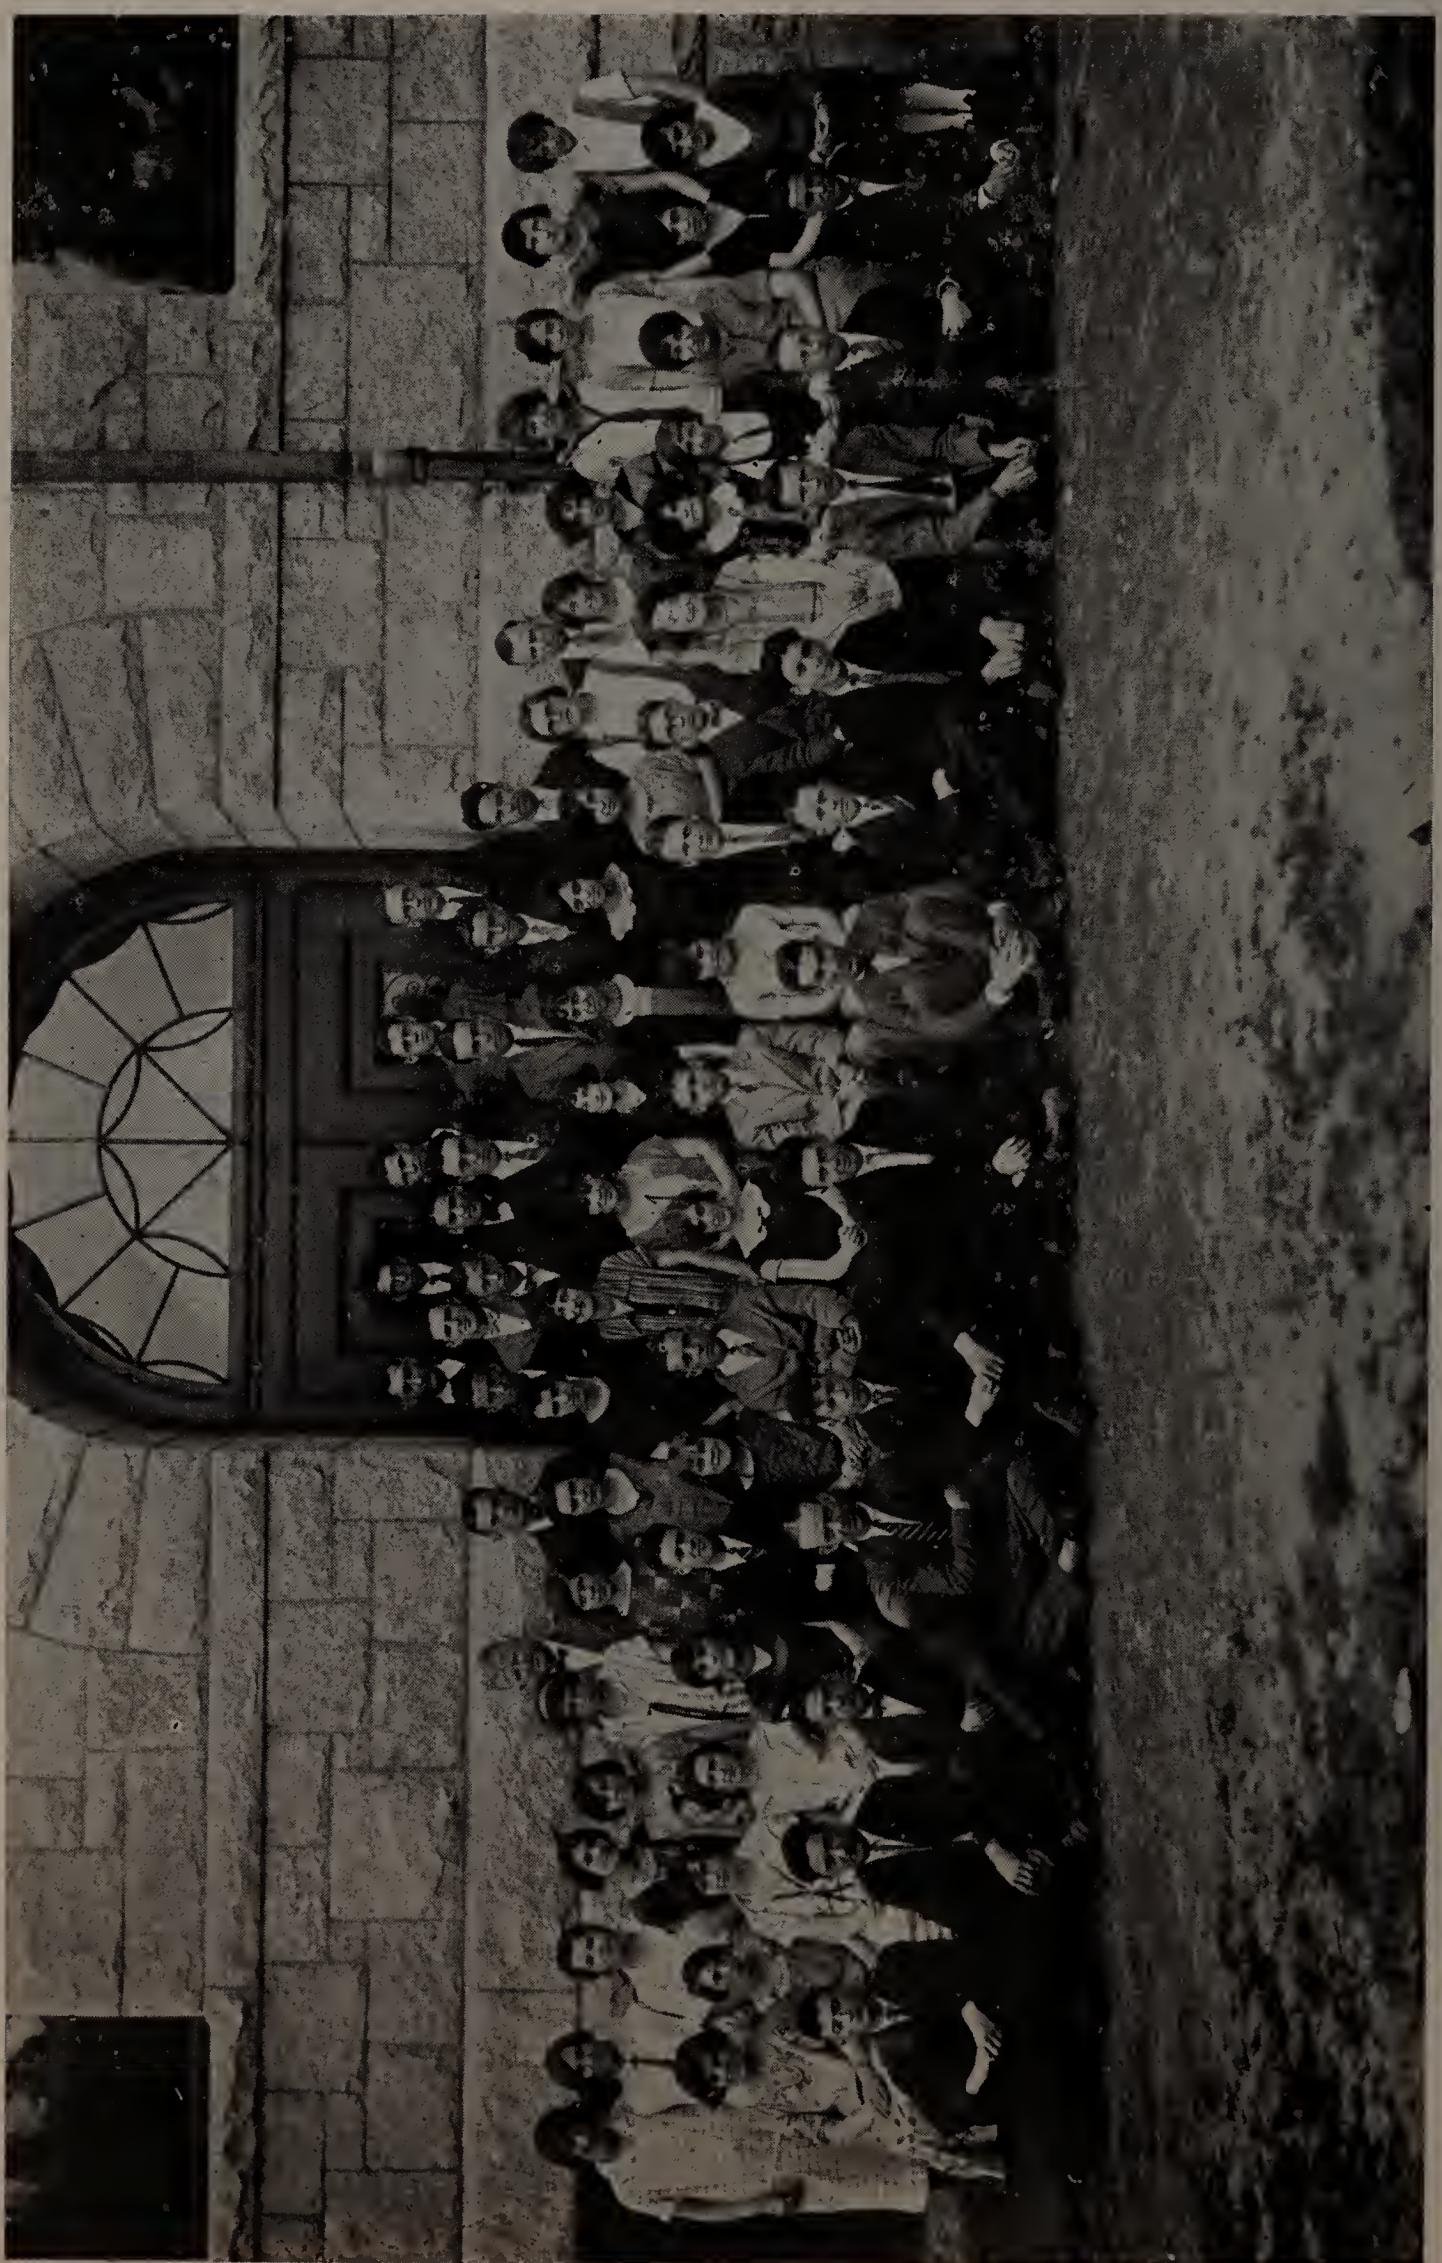

My thanks are extended to all the town officials with whom I came in contact for their consideration and co-operation.

Respectfully submitted,

JOSEPH V. CAREY,

Auditor.

NO-SCHOOL SIGNAL.

3 repeated four times on the fire alarm.

At 7.15 a. m.—No morning session for all schools, including the High School.

At 7.45 a. m.—No morning session below the High and Stacy Schools.

At 8.00 a. m.—No morning session for grades below the fifth.

At 11.45 a. m.—No session for the afternoon platoon at the High School.

At 12.30 p. m.—No afternoon session for all grades.

Between 12.45 and 1.00 p. m.—No session for grades below the fifth.

At 6.30 p. m.—No sessions for the evening school.

When the no-school signal is sounded in the morning and not repeated in the afternoon, there will be an afternoon session.

REPORT OF THE COMMITTEE.

The following report of the Superintendent of Schools has been adopted by the School Committee as its report to the town. A considerable portion of the text is devoted to bringing to the attention of the citizens the desperately over-crowded condition of the schools, particularly the high school, and we commend this demonstration to the thoughtful consideration of the tax-payers.

The following budget sets forth in detail the financial needs of the department for 1926 :—

BUDGET FOR 1926.

Report of the Superintendent of Schools.

To the Honorable School Committee of the Town of Milford.

Gentlemen :—

I have the honor to present my 15th annual report as superintendent of your schools, the 48th of such reports in Milford.

OVERCROWDED SCHOOLS.

Our most pressing problem is still "overcrowding." The public is fairly familiar with the story of congestion in the schools of Milford.

A comparison of the total enrollment figures for 15 years, i. e., beginning with the school year 1910-1911 and ending with the school year 1924-1925, the last year for which the complete figures are available, shows the following increases in actual numbers and on a percentage basis:

	1910-1911	1924-1925	Increases	Percent of Increase
High School	211	488	277	131 1/2%
Grades	1891	2489	598	31%
Total	2102	2977	875	41.6%

(The above figures do not include Continuation Schools.)

The figures for 1916-17, the school year in which the George E. Stacy School was opened, were:

High School	348
Grades	2074
Total	2422

The enrollments have increased from 1916-17 to

1924-25 by 555 pupils and NOT A CUBIC FOOT OF NEW SCHOOL HOUSE CONSTRUCTION HAS BEEN UNDERTAKEN!

The attendance forecast for September, 1925, published in the school report of a year ago, indicated an attendance of 533 in the High School and of 455 in the Stacy School. Despite the return to employment of a considerable number of school children,—a movement that set in just before the opening of school last September and has continued at a more or less lively pace ever since,—these figures were nearly realized in the attendance at the High School and considerably exceeded in the attendance at the Stacy School for the school year now current. Anticipating these results, plans were made early in the summer whereby the administrative quarters in room 2, Stacy School, were given up, room 14 in the Stacy School was given up as a sewing room, thus gaining two school rooms, the portables released to the use of two divisions of the High School morning platoon during the forenoon and a Continuation School class and an afternoon Stacy class during the afternoon. The freshman class has the afternoon session in the High School, as one year ago, while the three upper classes have the morning session and, as already stated, have spilled over into the two portables. As already mentioned, there was an extra class in the Stacy School that could only be provided with a school room by housing them in a portable for an afternoon session. As a result of the real estate development on Purchase Street, the term opened with sixty children at the Fountain Street School, which necessitated a double platoon in that district. These conditions made necessary the equipping of room 2 in the Stacy School with seats and desks at a cost of several hundred dollars and the appointment of three additional teachers in the High School, one additional teacher in the Stacy School and one additional teacher at Fountain Street.

SCHOOL DEPARTMENT TAKES ACTION.

The records of the school committee and their pub-

lished reports for a dozen years show that this department has sensed such conditions early. In the summer of 1924 the outlook was considered and the need for more school room, particularly in the case of the High School, was clearly recognized. During the fall months half a dozen plans were drawn, looking to added room for the High School and secondarily, by transfer of High School pupils resident in another building, to the enlargement of grammar school facilities. The plan illustrated and fully described in the Milford Daily News of February 14, 1925, was adopted by the committee, for reasons clearly stated at the time—that it solved the problem far more completely and more nearly in line with the best modern practice than any of the others reviewed. I firmly believe that this plan is still the best solution of which we have any knowledge. The plan did not fully meet with public favor at the time, however, and a committee on school accommodations, comprising the school board, the board of selectmen and two citizens, was appointed at the March Town meeting a year ago to recanvass the entire matter. This committee has held a number of meetings since its appointment, but, so far, without coming to any degree of unanimity as to a proposal or suggestion. The plan to build a number of school rooms near the High and Stacy Schools and spend such sums as are necessary to modernize the sanitary conveniences or heating units, or both, in certain of the older buildings, has met with considerable favor. While the writer is convinced that the plan adopted by the school committee a year ago is still the best so far considered, still, if it does not appeal and cannot be made to appeal to the majority of citizens, then he would strongly recommend another solution that has been suggested and meets with some favor, namely: that the Town acquire by purchase or right of eminent domain a tract of land suitably located and build thereon a new High School designed in accordance with the best modern practice, taking account of all the elements of the problem,

constructed of suitable materials and heated, lighted, equipped and furnished in a first-class manner.

Regarding the proposal to spend considerable sums in improving conditions in certain older buildings, two lines of improvement are involved: first, the modernizing of toilet conveniences and connecting buildings with the Town sewers, and, second, the improvement of heating units. At this point, a clear distinction exists, for while modern steam or hot water heating units are desirable in all buildings, the heating plants at all the buildings in Town, excepting two rooms in the Chapin Street School, the one room Fountain Street School and the Braggville and Bear Hill Schools, the latter with 13 and 14 pupils, respectively, are modern at least to this extent—that fresh air is taken from outdoors and thoroughly warmed for the children, and, in some cases systems of ventilation exist. With reference to the conveniences in the buildings under discussion, little can be said in their favor and nobody questions the need of improvement. Attention is called, however, in this connection, to the fact that for the last 15 years, every school report has called the attention of the citizens to these conditions and recommended a project of improvement in at least one, often two, and in one or two instances, three schools or districts.

An inspection discloses the fact that heating plants were recommended for the larger buildings in 1910, 1911, 1912 and 1913 (incidental to new building)—realized in 1917 for 15 rooms; and in 1918—realized in 1919 for 16 rooms,—a total of 31 rooms; and that heating plants were recommended for the older and smaller buildings in 1910, 1913, 1914, 1916, 1917, 1918 and 1919,—realized in 1911, 1916, 1919, 1924 and 1925 for a total of 10 buildings and 29 rooms. An inspection of the recommendation pages for the last 15 school reports also shows that better sanitary conditions, directly or incidental to and included in recommendations for enlarging or remodelling old buildings or for new buildings, were made in 1910 (Clafin), realized in 1911; recommended in 1910 and 1911 (Park), realized

in 1912; recommended in 1910 (Plains Grammar); recommended in 1910, 1919, 1920, 1921, 1923 and 1924 (South), overwhelmingly defeated in the Town meeting of March, 1921; recommended in 1910, 1911, 1913, 1914, 1915, 1916, 1918, 1919, 1920, 1921, 1922, 1923, 1924 (Plains District); recommended in 1912, 1913, 1921, 1922, 1923, 1924 (High School). Moreover the reader will find, in this report current, recommendations for new heating plants in the Spruce Street School and for the older half of the Plains Primary School,—two modern buildings not included in the school accommodations committee's project.

CONTINUED IMPROVEMENT IN THE HEALTH OF SCHOOL CHILDREN.

Attention is again called to the report of the school physicians. A year ago it was reported that the number of "normals"—children having no physical defects—showed an increase from 9% in 1911 to 22% in 1924. This year there is noted a further increase in the percentage of "normals" to 28% for the Town and 31% for the Stacy School. As observed in the report of one year ago, this result is largely attributable to the ministrations of the school nurse and the Dental Clinic.

THE DENNISON PLAN.

A discussion of the Dennison plan, recently adopted by your committee,—a presentation somewhat more in detail than appears in Principal Quirk's report—should be of interest to readers of this report. What I have called the "Dennison Plan" is a commercial training project of the Dennison Manufacturing Co., of Framingham, Mass., in pursuance of which they offer a five weeks' course of intensive commercial training in the Dennison commercial school and offices, the time and work about equally divided between school instruction and office practice. The course is for five weeks, two weeks IN and OUT (or otherwise as may be arranged) from 9:00 A. M. to 12 M. and from 12:30 to 2:30 P. M., Monday to Friday, inclusive.

The course includes (1) General Study: The use of passes, clock cards, clinic, library and other employee activities; (2) History and Organization: Study of the organization of industry, gradual growth, need for organization, various types of business organization, history of the beginnings of the Dennison Manufacturing Co., fundamentals of the organization of the Dennison Manufacturing Co., functions of the main divisions of any factory organization; (3) Filing: Library Bureau course in filing, followed by detailed work with material handled according to present Dennison Manufacturing Co., standard practice in central files, card records, accounts receivable, factory accounting; (4) Machine Practice: Brief instruction and practice periods on the following machines: addressograph, comptometer, dictaphone, folding, mimeograph, multigraph, Monroe calculating, sealing and stamping, standard practice on typewriters in connection with daily work in training. Class room work will be with dummy sets of material made up from actual copies and following exactly the procedure in the different sections being studied. These sets will be made for: Filing, transcribing, card records, order writers, billing, control section (sales account); (5) Class Room Work: Daily typing practice, daily drill in English, practice work with dummy sets, frequent talks by people from other departments, daily talks on good business ethics and the need for accuracy and for acquiring right business habits. By gradual steps, the routine work necessary in the various sections of the sales division and all the operations from the receipt of a customer's order until the closing of his account, will be covered.

Candidates for Clerical Training: Seniors taking the commercial course. *Credits:* Work is carefully graded and rated and weekly reports and grading sent to the school. *Tests:* Tests are given each student applying for these training courses. Additional measurement tests will be used at times throughout the course.

Students are put to no additional expense on account

of this course. The Dennison Manufacturing Co. will be glad to employ any of these students who measure up to Dennison standards and who wish such employment.

HIGH SCHOOL.

The sixth annual report of Principal Quirk of the High School is substantially as follows:

INCREASED ENROLLMENT.

During the past fifteen years the people of Milford have seen a steady increase in the enrollment of the High School until we reached 500 in September of last year, an increase of approximately 300 students. The double platoon system adopted in 1924 has been followed during the past year. The three upper classes were so large, however, that we were forced to use the two portable buildings, between the High and Stacy Schools, for additional class rooms. These rooms are hardly suitable for High School students because of the frequent changing of classes. Last September, on account of the size of the senior and junior classes, we were forced to form more divisions in our required subjects, making it necessary to add two more teachers. The net time of holding classes in the afternoon was so short that I arranged the sections so that each one has less than 25 students. This was the only arrangement whereby they could hope to receive even a fair amount of individual attention. This limiting of the sizes of these classes has made necessary the appointment of an additional teacher of freshman subjects. It might be of interest to mention that at the present time we have 21 divisions of senior, 26 of junior, 27 of sophomore and 37 divisions of freshman subjects. We have endeavored to follow out our conservative policy. Only one change has been made in the curriculum and that in the commercial course wherein one year of stenography is required instead of two.

GRADUATION EXERCISES—PRIZES AND AWARDS.

Seventy students graduated last June before one of the largest commencement audiences ever assembled in

the Town Hall. For the first time in many years, no essays were delivered by the students. The graduation program, given entire, further on in the document of which this is a part, consisted of several musical selections, well rendered under the efficient direction of Supervisor Helena F. Swift. Miss Dorcas Whipple, art supervisor, had charge of the very pleasing decorations. Professor Zelotes W. Coombs, chairman of the board of admissions at Worcester Polytechnic Institute, gave a splendid address on education and closed with some sound advice to the members of the graduating class. Hon. John C. Lynch, acting chairman of the school committee, presented the diplomas to the members of the graduating class and gave an address on education and the current needs of the school department. Then followed these awards: Jacob Broudy, '26, first prize of \$20 in gold for the Patrick Peace essay on "Will Exclusion Lead to War—A Discussion of the Present Immigration Law"; Evelyn Moore, '26, second prize of \$15; Charles Cox, '26, third prize of \$10; and William Marcus, '25, the fourth prize of \$5. Clarence F. O'Connell was awarded the special book prize, the gift of the class of 1917—interest from Liberty bonds—awarded annually to the senior with the highest average in English, history and Latin for four years. Thomas F. Davoren was given the Dr. John V. Gallagher medal awarded annually to the boy making the "M" in athletics at least three times and also obtaining the highest scholastic standing for those eligible for this prize. The Daily News Company's award of \$5 in gold, given to the member of the baseball team with the highest batting average who participated in at least 90% of the games from May 1 until the end of the season and had a scholastic average of at least 75%, was won by Thomas F. Davoren. The other prize of \$5 given by the Daily News to the boy having the best fielding average during the above named period and participating in the same number of games and having a similar scholastic average, was also won by Mr. Davoren. The premium book prize offered for excel-

lence in all freshman subjects was given to Robert Billings, '28. Typewriting medals were awarded to Mary L. Consoletti, '25, Evelyn M. Spadoni, '26, and Bessie I. Pressman, '26. Diplomas were given to Lillian G. Bagley, '25, Theresa E. Balconi, '25, Josephine M. Calarese, '25, Laura R. Consoletti, '25, Mary J. Fisher, '25, Grace B. Flemming, '25, Sarah E. Ford, '25, Mary F. Ianzito, '25, Sylvia D. Kurlan, '25, Ida R. Kurlansky, '25, Dorothy E. Peterson, '25, Harry Rosenfeld, '25, Albin B. Seastrom, '25, and Laura M. Wheeler, '25. Miriam Claflin, '26, was awarded the Miss Sadie A. O'Connell Posture Medal, given annually to the student in the expression classes showing the greatest development in posture during the year. Miss Esther Broudy, '27, was awarded \$5 in gold by the Milford Lodge of Elks for the best essay written on "How did the contributions of the U. S. S. Constitution help to win the War of 1812?" The High School students in the vicinity of Milford competed in the contest and I congratulate Miss Broudy upon her success.

OAK, LILY AND IVY.

The Oak, Lily and Ivy was published in June under the supervision of Miss Marion A. Ryan of the English department and was as great a literary and financial success as in previous years. Miss Mae E. Birmingham had charge of the business arrangements connected with the publication. From the proceeds, sweaters were purchased for the boys who earned the "M" during 1924-1925. Congratulations are due the members of the faculty and the class of 1925, whose earnest endeavors made this publication possible.

DRAMATIC, MUSICAL, ATHLETIC.

During the past year Miss Catherine A. Somers reorganized the General Science Club, an institution formed two years ago by Miss Margaret G. Quirk but abandoned last year on account of the double platoon arrangement. Trips have been planned to several local manufacturing plants. The David Garrick Dramatic Club had a larger

membership than ever before and under the leadership of Miss Sadie A. O'Connell, conducted two entertainments, both of which were very successful. "Suppressed Desires", "Jon"; and "Hop o' My Thumb", "Yniard" were presented by the Club. The enthusiasm and interest in the Club seems to be increasing and shows that the members of the Club fully appreciate the work accomplished by the faculty director. The High School orchestra under the leadership of William Marcus furnished music for our many assemblies and at the graduation exercises. Mr. Albert D. Riopel had charge of our athletic teams and did very creditable work. The baseball team was up to the standard of previous years and our football team performed exceptionally well considering the number of injuries sustained during the latter part of September. Mr. Riopel's strong point is discipline and he has impressed upon the members of the athletic teams the importance of clean play. Athletics must be looked upon as a means of developing character, manliness, and self-control rather than a champion team each year.

SOCIAL.

During the past year the class of 1925 conducted four dances, two in the assembly hall, one in the Legion hall, and the annual May dance in the Town Hall. The receipts of the first two were given to the Athletic Association. The proceeds of the dance in the Legion hall and of the May dance, amounting to \$177.05, have been put in the bank to be used in completing the veterans' honor roll in the corridor of the High School.

GIFTS.

During the year it has been my pleasure to acknowledge the receipt of the sum of \$40 from the class of 1900, which was used in purchasing a beautiful Alquist marine view which now hangs in the assembly hall. The Milford Lodge of Elks entertained the members of our football team with a banquet in the Elks' Home on December 15. Mr. Thomas J. Welch, Exalted Ruler, presided, and, after

welcoming the guests, introduced Mr. Frederick W. Fitzsimmons, a Past District Deputy of the Elks, as toastmaster. Among the speakers were Mr. Jake Turner, center of the Harvard University team; Mr. Frederick V. Ostergren, one of the football coaches of Malden High School; Committeemen Alfred B. Cenedella, John C. Lynch and John E. Swift, Superintendent A. O. Caswell, Submaster Francis C. Berry, Coach Albert D. Riopel, Manager Edward F. O'Sullivan and Captain Alfred Alzerini. About 175 enjoyed the banquet and the evening's entertainment. The boys are very grateful to the Elks for the splendid dinner and reception.

THE DENNISON PLAN.

During the month of December, Mr. Rogers and Miss Farquhar, members of the executive staff of the Dennison Manufacturing Company, visited us to discuss the adoption of a co-operative plan of education whereby some students in our senior commercial section might take a five weeks' course of training in the Dennison plant. I am working out a plan at the present time and expect to put it into effect in February. The offer is unusual and offers our seniors a training in the practical side of commercial work.

DIFFICULTIES.

Before concluding my report I wish to mention some things which at the present time are working to the disadvantage of the students. In the portable buildings we are not afforded good light, our blackboard space is limited, and the desks are not properly equipped for writing purposes. In addition, the students who are forced to go back and forth to the High School are subjected to the inclemency of the weather from November until April. In the High School, we are using four rooms which lack stationary desks and chairs and which offer no facilities for writing with pen and ink. One of the rooms used has no blackboards and of course is not a practical classroom. The laboratories are small and congested; and a much larger typewriting room would be greatly appreciated.

RECOMMENDATIONS.

As soon as better housing conditions are offered, I would recommend that the school day be increased so that we have at least five net school hours; secondly, to have a longer school period and if possible to have five 60-minute periods instead of six 42-minute periods as at the present time; thirdly, the consideration of the accomplishment plan of work as adopted in other High Schools; fourthly, the consideration of a three-year commercial course to meet the needs of some of the students. In recommending a change in the length of our school day, I would say that the opportunities of study are not afforded in the home at the present time. Too many outside activities interfere. Consequently, to meet the situation, I think our only hope rests in and will continue to rest in having a portion of this study during school hours.

STACY SCHOOL.

Principal W. A. Beaudry notes the following salient features of the year under review in the Stacy School:

The establishment of a school library of 350 volumes, using the Worcester Public Library system.

Specialization of teachers in one major subject.

A system of co-operative government known as the "Stacy Epheboi." Discussing this, Mr. Beaudry says in part: "This is but another experiment in the self-government of adolescents * * * If we can but inculcate the belief that it pays to live in accord with the code of child-morals as accepted by the Boy Scouts, we feel that we are in the right direction. * * *"

Medal awards: Through the efforts of Mr. Charles Frye, the American Legion medal is to be awarded annually in the public and private grammar schools in the Town, to the boy and to the girl who best represent those qualities of character and ability, which, when properly cultivated and matured, will result in worthy citizenship and well rounded manhood and well balanced womanhood.

In our school last year these medals were awarded to Lewis Clarke and Vera White.

On the same basis of merit, the D. A. R. awarded medals to one boy and one girl from each eighth grade as follows: room 7, James Calcagne and Lena Valentino; room 8, Lewis Clarke and Josephine Tacconi; room 9, John Villani and Louise Tognazzi; room 11, Edward Rizoli and Louise Marino; room 12, Gordon Shaw and Vera White; room 13, Louis Iadarola and Sarah Foye.

A medal for excellence in American naval history was presented to Anna M. Smith by Commander Marion Eppley, U. S. N. R., for the best essay upon U. S. Frigate Constitution written during the nationwide appeal for her restoration.

Class changing: The procedure of class changing instituted early this autumn has passed the experimental stage. It is successful, the teachers' work being more effective and disciplinary problems lessened. The pupils almost unanimously endorse this practice. The school day is more agreeable than when the personnel of any one room remained in that room throughout the school day.

Exhibit: During the past year we made a considerable collection of industrial products for study in connection with commercial geography.

Extra curricular activities:

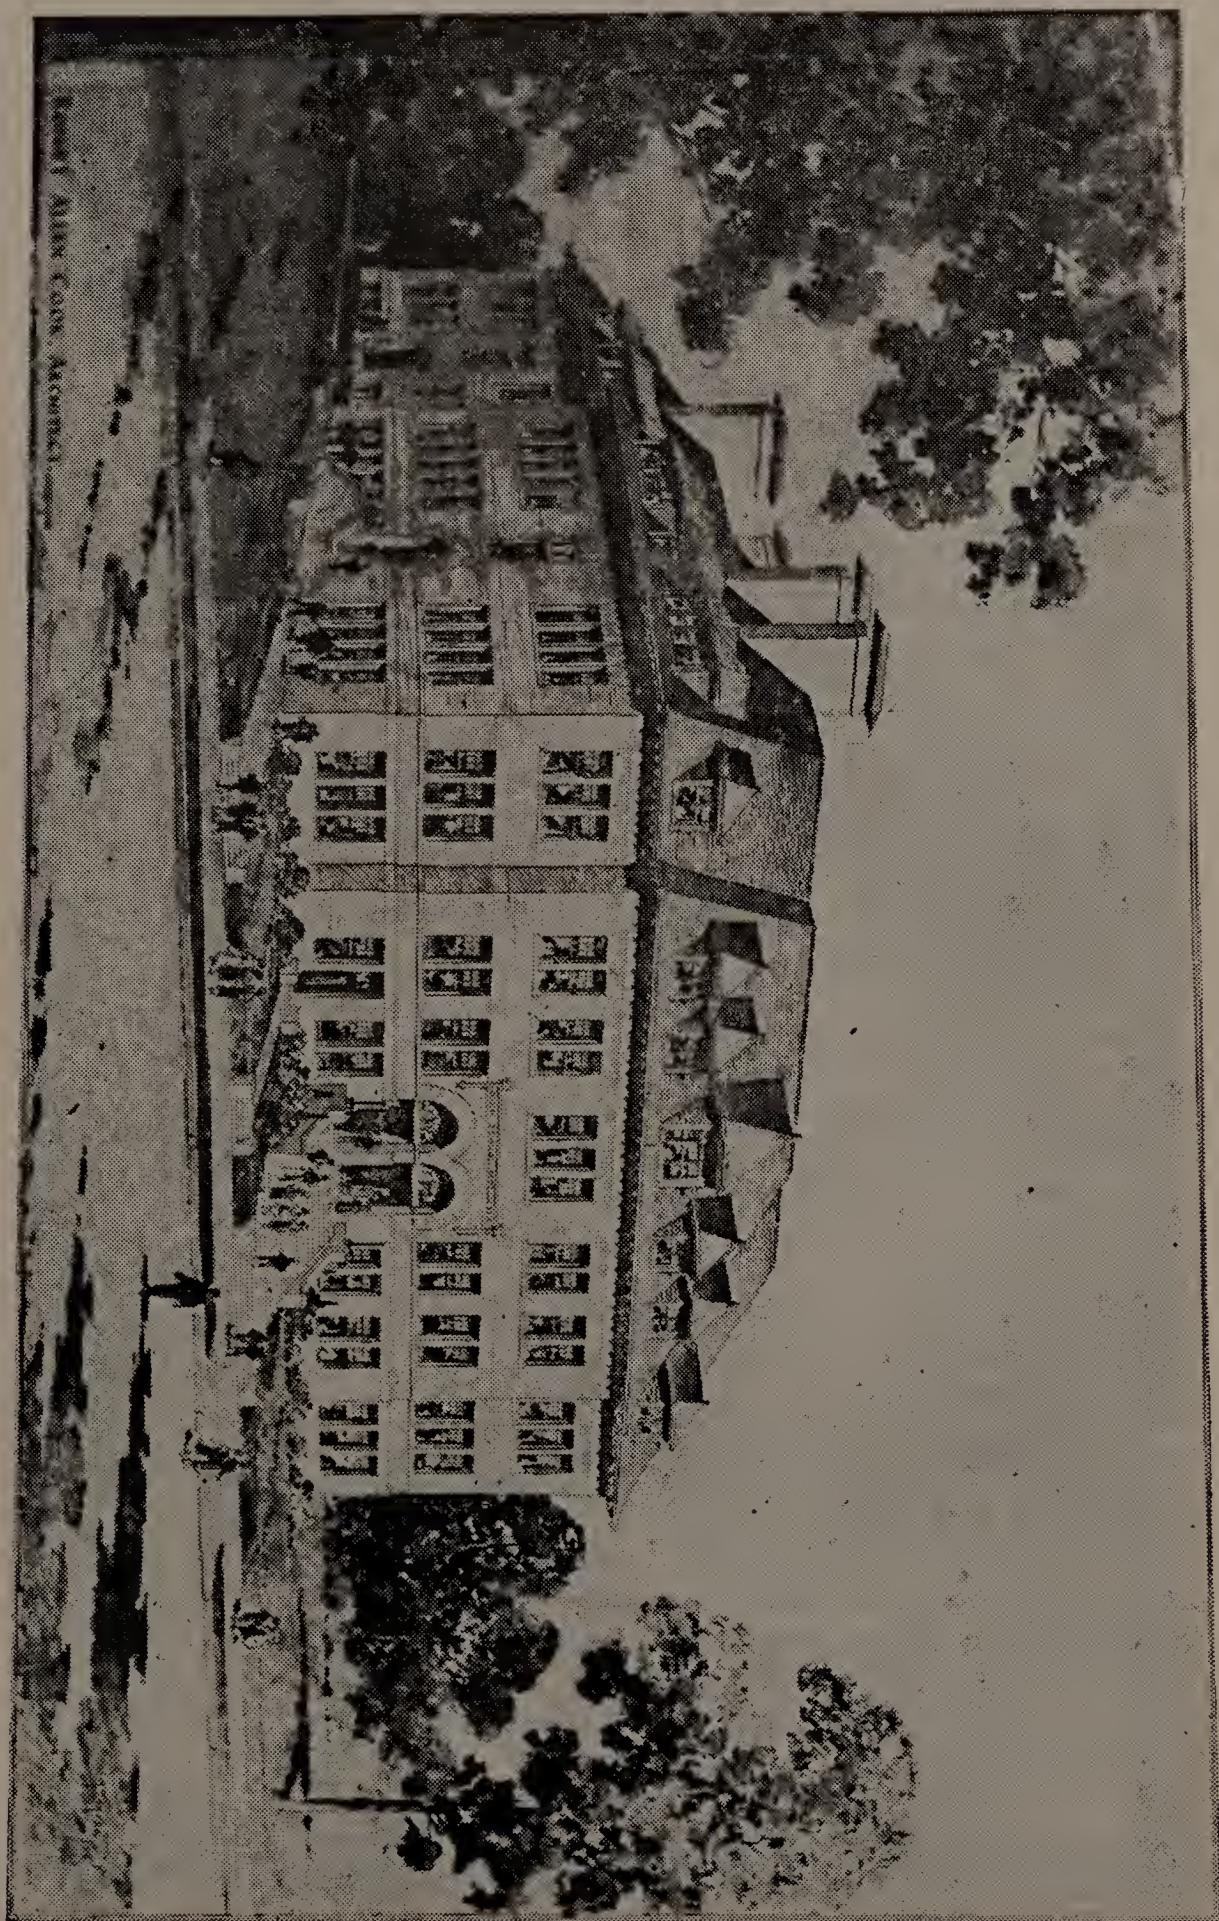

Athletics: A most successful year of baseball. Football played on the grounds at recess. (Pushball not desired.)

Plays: "Bookland," "The Magic Fountain," "Gooseherd and Goblin."

CONTINUATION SCHOOL.

Owing to the stagnant industrial conditions, the enrollment of the Continuation School had, by the end of June, reached the lowest point in its history, but with the partial revival of business, the tide of young people turned shipward toward the end of the summer vacation, so that now, these classes are of about their normal size.

PROPOSED ENLARGEMENT OF THE HIGH SCHOOL.

GIRLS' SCHOOL.

In her account of the year's work under review Mrs. Dunn says:

"The Milford Girls' Continuation School opened September 9, 1925, with an enrollment of 51 members. The membership thus far has remained practically the same.

"As stated in previous reports, the work is divided into ten-week periods, of clothing and food work respectively, with related academic work.

"We welcomed the opportunity given at the recent trade show to exhibit some of the articles made by the various classes. The public viewed the work with interest.

"A course in home nursing given by a trained worker would be of great value to these girls."

BOYS' SCHOOL.

Concerning the Boys' School, Mr. Chilson says in part:

"The work of the Boys' Continuation School for the past year has been much the same as in previous years. Particular stress is laid on instruction that influences the boy's later life, i. e., lessons in honesty, industry, neatness, courtesy, etc.

"The shop is particularly useful in giving instruction about home work; with the tools we have, most of the repair work about the house can be done.

"Some attention is given to the boys' leisure time, with suggestions about good reading and correct habits.

"The Continuation School is performing an important duty with boys between 14 and 16 years of age. At that critical period in a boy's life, instruction is given them that they would not get from any source were they allowed to drift out of school authority. With more time, space and equipment, the Continuation School could offer a larger service to the boys, their parents and to their employers.

"What this type of youth needs is trade training and

I believe they are entitled to it. What little we have been able to do has given great satisfaction.

"In closing, I wish to say that the Continuation School and what it has done have been approved by the Associated Industries of New England."

NIGHT SCHOOL.

Mr. W. J. Moore, principal of the Evening School, observes in part:

"As in previous years, the term was for twelve weeks, three nights per week. The courses offered were also as in previous years, including subjects of first seven grades, particularly teaching of English and Americanization subjects.

"The enrollment was the smallest in years, due in some measure to the decrease of compulsory pupils, or the illiterate minors in our community; in 1924 we had forty-six compulsory pupils, in 1925 we had but twenty-four, twelve of these being twenty years of age and will reach their majority, will be beyond the compulsory age before another term begins, so that unless we have a large increase in compulsory pupils, which has not been the case for some years, we can look forward to a very small enrollment in 1926.

"I think the time has arrived when Milford could offer to the citizens High School courses at its Evening School; I think if sufficient notice were given before the opening of school that many would avail themselves of the opportunity of these higher courses."

STATISTICS OF THE EVENING SCHOOL.

Total enrollment, 54; males, 36; females, 18; illiterates, 32; literates, 22; minors, 35; adults, 19; average membership, 36.48; average attendance, 29.33; per cent of attendance, 80.

NATIONALITIES.

Italian, 38; American, 5; Portuguese, 4; German, 3; Jewish, 2; Armenian, 1; French, 1.

PLACES OF EMPLOYMENT.

Draper Corporation, 12; Arch Rubber Co., 6; Wm. Lapworth & Sons, 5; Milford Shoe Co., 3; Huckins & Temple Shoe Co., 3; Herman Shoe Co., 2; Bellingham Woolen Co., 3; Taft Woolen Co., 2; C. Cavigioli, 2; Dennison Manufacturing Co., 1; Carr Rubber Co., 1; Archer Strauss Rubber Co., 1.

THRIFT TEACHING IN THE SCHOOLS.

It will be recalled that for 20 years, down to 1921, a thrift savings system was conducted by representatives of the Quinshipaug Woman's Club, with gratifying success; also during and subsequent to the war, thrift teaching continued in the form of war stamps savings. The time came when interest in the latter fell away. We have felt the urge toward something to take the place of the efforts referred to. After some investigation, and after conference with the authorities of the Milford Savings Bank, this department accepted the offer of that bank to install the "Mutual Savings Banks of Massachusetts" system of school savings and thrift teaching. So far, the system has worked well.

Savings for the first week of 1926, by schools, were as follows: Stacy, \$333.70; Plains Primary, \$184.11; Plains Grammar, \$144.57; Park, \$123.23; Claflin, \$99.81; Spruce Street, \$94.70; Oliver Street, \$88.77; South Grammar, \$42.46; Chapin Street, \$39.61; West Street, \$23.21; Purchase Grammar, \$22.41; Hoboken, \$11.18; Purchase Primary, \$9.40; Fountain Street, \$5.17; Bear Hill, \$1.05; Braggville, 65 cents; total, \$1,224.03.

Even more striking is the showing for the fall term, 1925, eleven banking days: Stacy, \$1,865.50; Spruce, \$403.86; Park, \$479.49; South, \$357.44; Plains Grammar, \$694.61; Plains Primary, \$845.70; Claflin, \$509.90; Oliver Street, \$501.68; Chapin Street, \$188.14; West Street, \$99.02; Hoboken, \$45.29; Fountian Street, \$114.86; Purchase Grammar, \$101.92; Purchase Primary, \$80.31;

Bear Hill, \$18.47; Braggville, \$7.03; Continuation, \$21.15; total, \$6,334.37.

Two thousand forty pupils have school savings bank books and 1,317 have transferred to new savings bank books in addition to those who had bank books before.

The conspicuous advantages of this system are that it is a real banking system and involves no vending machines to get out of order or furnish an opportunity for, and temptation to, burglarizing; there are no stamps or tokens to become lost and be accounted for, but each student has a school pass book and when an individual deposit amounts to \$1.00, the holder of the school pass book can, upon application, receive the usual pass book at the bank. His money is deposited and draws interest the same as that of any adult depositor. Thus, the pupils are taught the principles of saving and have practice in actual banking procedure. Tuesday of each week is banking day and in-town schools do their own banking, while deposits from the rural schools are sent to the office of the superintendent of schools, who banks for them each Wednesday. A small amount of the teacher's time is required to work out the details once a week, but this slight burden should become even smaller as time goes on and the objects to be gained are well worth a larger sacrifice of time than is required.

In connection with thrift savings in the schools, the Savings Bank Association of Massachusetts has inaugurated a composition contest offering three prizes for compositions written by public school pupils: \$15.00 for the best High School paper, \$10.00 for the best Junior High School paper and \$5.00 for the best paper written by pupils of grades V and VI, on appropriate subjects. The contest closes March 15, 1926.

The Association has also started a poster contest among the pupils of the public schools, with prizes of \$15.00, \$10.00 and \$5.00 for the first, second and third best posters, respectively. Steps have been taken to inter-

est the pupils in the Milford public schools in these contests.

ANNUAL TRADE SHOW.

The School Department was invited to place an exhibition in the annual trade show held under auspices of the Milford Chamber of Commerce, November 4, 5 and 6, 1925. This invitation came at the wrong time of the year and was received so near the date of opening that no full general exhibit of the work of the public schools could be made. However, the High School commercial department, the drawing department and the Girls' Continuation School filled two-thirds of the dining room at the armory with exhibits of penmanship and other commercial work by the commercial department; drawings in black and white, and colored in different media, mechanical drawings, etc., for the art department, and a most worthy and attractive exhibit of sewing and cooking by the Girls' Continuation School. Considering the adverse conditions—time of year and brevity of notice already referred to—this exhibit, while only a partial one, was nevertheless highly creditable to the school sections represented.

PHYSICAL TRAINING.

In his first report Mr. Riopel comments as follows:

"During the past year I have had the privilege of directing the pupils of the school system in this line of education with the end in view of improving the general health of the students, improving their postures, cultivating a spirit of fairness, improving their carriage and developing a grace of body movement. The means employed to produce the desired effects has been based upon instruction in hygiene, formal gymnastics, games and rhythmic playing.

"The form of exercise given was carried on during the early part of 1925 from the third to the ninth grade inclusive. The plan in the grades called for daily exercises, ten minutes in the morning and the same amount of

time in the afternoon. In the High School the arrangement of work was somewhat different. Because of the large number of students, the only class that I could reach was the freshman and two days per week were devoted to the work in the High School, Mondays for the girls, Fridays for boys. At the beginning of May the work in the High School was abandoned because of the training of the baseball team, but the work in the grades was continued as usual. In September of this year I took up the work in the first and second grades so that we now have some form of physical education in all grades up to the second year of the High School and I am pleased to say that I have noticed a considerable improvement in the points desired.

"Much has been done in baseball and football. The former made a very creditable showing last year. Because of frequent injuries, our football team did not make the same record that previous teams have. Its schedule was a severe test for the boys, but considering the number of new men and the loss of some of our regulars, the work was quite satisfactory. After all, it is felt that we are engaged in athletic competition not merely with the view of winning every game but of creating a friendly rivalry among the high schools and of affording the boys the opportunity of developing strength, character and self-control. We attempted to take up basketball but found we had no proper facilities for continuing it.

"In making my recommendations, I would mention the need of a gymnasium so that the work of the grades and the High School in physical education could be promoted on a larger scale and under suitable conditions. At the same time we would have the opportunity of playing basketball and have more students of the school in the various forms of athletics."

MUSIC.

The ever increasing congestion in the schools has made the work in the music department even more diffi-

cult than in previous years. Miss Swift again calls attention to the need of a second instructor in music, a suggestion which I endorse and which will be found among the formal recommendations at the end of my report. Commenting on the work of her department, Miss Swift says in part:

"In the High School, the pupils are studying choral work. Special attention is given to phrasing, enunciation and pronunciation, and results are gratifying.

"In our Junior High and Grammar grades, particular care has been given to reading music correctly, to balancing of parts, to observing keenly the marks of expression, and to singing easy, mellow musical tones with a pure intonation.

"A newly arranged group of songs, of excellent quality, taught by rote, and adapted to the interests of young children, precede the teaching of the reading and writing of music in the primary grades.

"The increasing number of rooms necessary to accommodate the pupils in our schools, makes it very difficult to spend sufficient time with each class, so as to insure proper instruction in music.

"I strongly recommend the installation in each building of a victrola or some musical instrument as an aid toward the appreciation of good music."

DRAWING.

HIGH AND STACY SCHOOLS.

Miss Whipple, head of the drawing department, reviews the year's work as follows:

"The drawing classes of the High School continue to increase in number from year to year. At the beginning of the school year, September, 1925, there were registered for drawing a total of 269 pupils in comparison with the 200 pupils registered the previous year, 1924, a gain of 69 pupils. Although handicapped somewhat by this over-crowding, we are endeavoring to accomplish the work required.

"Our work in drawing for this year follows the same general outline as in the previous year, with more attention given to lettering.

"The course in drawing is based on such art principles as will have a direct bearing upon the pupil's life. Every educated person should understand something of the laws of growth as shown in plants and flowers; of landscape shapes and effects; of the representation of the forms, proportions and colors of objects; the elementary laws of perspective and finally of the principles of design, which are universal in their application. This, then, is our aim: to familiarize the pupil with these laws and teach him to apply them to his own problems in life.

"A small exhibit of High School students' art work was on display at the Milford Trade Show and those interested had the opportunity of seeing a little of what we are trying to accomplished.

"One member of the class of 1924 is attending an Art School."

GRADES.

The work in drawing below the seventh grade has been in the hands of Miss Vetrana Mazzarelli. Realizing that drawing is the form medium of the arts and crafts and the sciences and the engineering profession and is the universal language of industry, the supervisor and teachers have co-operated the past year in striving to develop in the children a love for and pleasure in drawing as a means of expression. They have stressed the important elements of drawing: color work, designing, lettering, flower drawing, holiday projects and poster work.

EXTENSION SERVICE 4 H CLUB WORK.

(A Co-operating Activity.)

Mrs. Cora M. Granger, in charge of the local extension service for girls, gives the following interesting account of that work for the year:

"The 4 H Canning Club has had a very successful year, the 12 girls enrolled as members meeting every two

weeks at the Stacy School cooking room. About 600 jars of fruits, vegetables, jams and jellies were conserved.

"The girls exhibited work at the New England Fair, Gardner Fair and the Boston Food Show, taking cash and ribbon prizes at the two former, and gaining experience at the latter. Again this year the girls exhibited at the local Trade Show, making an exceptionally fine showing with a display of 300 jars.

Last winter a new feature was added to the work—a food club. Much interest was shown in the work and we were very proud to have one of our members, Miss Myrtle Jeffery, chosen as the food champion of Worcester County, thereby winning a week's stay at the Massachusetts Agricultural College summer camp.

"Again this winter the home economics classes are at work with an enrollment of 30 girls in the food club and 20 in the sewing work.

"In four years the work has increased from a membership of 6 girls in one project to 60 girls in three projects, while the appropriation of \$100 has remained the same. This allows only \$1.65 *per capita* per year, a very small amount if the work is to continue to grow."

GIFTS DURING THE YEAR

SPRUCE STREET SCHOOL

Large silk flag—by the Woman's Relief Corps—to grades 1, 2 and 4.

SOUTH GRAMMAR SCHOOL

Three silk American flags—by the Woman's Relief Corps—to rooms 2, 3 and 4.

PARK SCHOOL

Three silk American flags—by the Woman's Relief Corps.

Five Grey Gull records—by Mrs. A. A. McManus.

One Victor record—by Miss Mary Norma Murray.

HIGH SCHOOL

Marine picture by Alquist, value \$40.00, hung in the assembly hall—Class of 1900.

The sum of \$177.05 to be used in completing the honor roll in the first corridor—Class of 1925. In this connection it gives us great pleasure to acknowledge the second annual dinner given to the football team by the Milford Lodge of Elks.

Mr. P. Eugene Casey has tendered to the school committee the gift of a parcel of land near his Purchase Street development for the location of a school building. At a recent meeting of the board, a committee comprising the superintendent and two members of the board was appointed to confer with Mr. Casey regarding the location of the proposed donation.

Grace C. Walker.

Entered into rest August fourteenth, nineteen
hundred and twenty-five.

A few bright years to contend
In earnest work with purpose sure;
A spirit courageous to the end;
In childhood's heart a place secure.

CHANGE IN TEACHERS

HIGH SCHOOL—LEFT THE SERVICE

Miss Helen S. Miller, teacher of Science, to accept a position in the Waltham, Mass., High School.

HIGH SCHOOL—ENTERED THE SERVICE

Miss Marie Cenedella, M. H. S., 1920; St. Elizabeth's College, 1925—English.

Miss Rita M. Connors, St. Mary's Academy, 1921; A.B., Emmanuel College, 1925—History, English and Commercial Geography.

Miss Lillian E. Sweet, M. H. S., 1918; A.B., Radcliffe College, 1922—Latin and French.

Miss Catharine A. Somers, of Worcester, Mass., A.B., Trinity College, 1924—Algebra and Science.

GRADES—LEFT THE SERVICE

Mrs. Eileen A. Eckland, grade 6, South School—Resigned April 3, 1925.

Miss Grace C. Walker, grade 2, Plains Primary School—Deceased, August 14, 1925.

Miss Catherine R. Conway, Geography, Stacy School—Resigned at the end of the summer term, 1925, to become assistant critic teacher at the Bridgewater Normal School. Miss Conway had been a teacher in the public schools since 1915, with constantly increasing effectiveness. Miss Conway brought to the school room a rare spirit of busyness and good cheer and won, energized and sent on their way hundreds of Milford young people, who will remember her as their true friend and whose lives are larger for her ministrations. It was inevitable that Miss Conway's work should attract the notice and win the recognition of educational authorities in the larger field.

Miss Gertrude E. Kirby, a teacher of Grade 3 in the Oliver Street School, a successful teacher in the Milford schools since 1916, resigned November 13, 1925, to become Mrs. James O'Grady.

Miss Eileen Loftus, teacher of Grade 5 in Stacy Portable, resigned at the close of the summer vacation, 1925, to accept a position in the schools of Marlboro.

ENTERED THE SERVICE

Miss Mary E. Mullane, of Worcester, Mass., late of the Worcester schools, a former teacher and principal in the Milford schools—assigned to the Stacy School.

Miss Rita Scully, St. Mary's Academy, 1922; Westfield Normal School, 1924—assigned to grade 6, South School.

Miss Regina Swift, M. H. S., 1923; Framingham Normal School, 1925—assigned to Bear Hill.

Miss Gertrude A. Wallace, M. H. S., 1923; Framingham Normal School, 1925—assigned to the Stacy School.

Miss Alice Birmingham, M. H. S., 1923; Framingham Normal School, 1925—assigned to grades 5, 6, Plains Primary School.

Miss Nina H. Mazzarelli, M. H. S., 1923; Framingham Normal School, 1925—assigned to Purchase Grammar School.

Miss Ruth M. Edwards, M. H. S., 1922; Miss Neil's Kindergarten Training School, 1925—assigned to special classes.

TRANSFERS

Miss Frances H. Kearnan—grade 3 to grade 4, Oliver Street School.

Miss Julia J. McCarthy—Purchase Grammar School to Fountain Street School.

Miss Evelyn M. Beckett—special classes to Plains Primary, grade 2.

Miss Claire Hogan—Plains Primary, grade 1, to Oliver Street, grade 3.

Miss Mae K. Miller—grades 5, 6, Plains Primary, to grade 1.

Miss Mary Parks—Bear Hill to Stacy Portable.

CHANGES IN TEXT BOOKS

The following text books have been adopted during the year:

American Government in 1925, McGruder, Allyn & Bacon, Boston; First Latin Lessons, Scott; Junior Latin

Reader, Sanford & Scott, Scott, Foresman & Co., New York; General Language, Leonard & Cox, McFadden English Series; The Thorndike Arithmetics, Rand, McNally & Co., Chicago; New Essentials of Business Arithmetic, Van Tuyl; Second Course in Algebra, Milne & Downey, American Book Co., Boston; Palgrove's Golden Treasury, Ginn & Co., Boston.

MILFORD TEACHERS' ASSOCIATION

CALENDAR 1925-1926

September	24	Business Meeting
	30	Social
October	5	Lecture-Recital "Poetry and Patriotism" Denis A. McCarthy, LL.D.

more's room; building and outbuilding, one coat outside—
E. F. Porter, \$156.00.

Oliver Street School:—North side walls of Miss Kenney's room redecorated; teacher's desk and pupils' desks and chairs revarnished in all school rooms; all woodwork in building, above basement, revarnished; ceilings in upper and lower halls retinted; boys' and girls' toilets repainted—E. F. Porter, \$293.35.

High School:—Outside trim painted; outside doors revarnished; ceiling in room 5 tinted; tops of pupils' desks and chairs revarnished—A. W. McKinley, \$487.85.

Park School:—Blackboards done over; basement whitened—A. W. McKinley, \$62.70.

Fountain Street, Purchase Grammar and Purchase Primary:—Blackboards done over—A. W. McKinley, \$7.65.

Stacy School:—Outside trim painted—T. E. Morse Co., \$108.00.

Stacy Portables:—Outside walls repainted; roof treated with preservative paint; blackboards done over—A. W. McKinley, \$129.00.

Spruce Street School:—Outside trim painted—A. W. McKinley, \$130.00.

Chapin Street School:—Building and outbuilding painted outside; fences painted—A. W. McKinley, \$162.50.

Hoboken School:—Building and outbuilding painted—E. F. Porter, \$52.00.

Bear Hill:—Outbuilding painted—T. E. Morse Co., \$15.08.

Plains Grammar and Annex:—Blackboards done over—A. W. McKinley, \$29.70.

Braggville:—Blackboards done over—A. W. McKinley, \$5.00.

South School:—Fence painted; blackboards done over—A. W. McKinley, \$47.50.

CARPENTER WORK.

West Street School:—Windows tightened; new

thresholds in boys' outbuilding; fence repaired—T. F. Maher, \$70.00.

Oliver Street School:—New treads in basement stairs; about 20 pupils' chairs repaired; new runs in windows as needed; new cords in windows—T. F. Maher, \$424.00.

High School:—Floors repaired in main corridors—Waters & Hynes.

Chapin Street School:—Outbuildings reshingled and otherwise repaired; conductor pipes rehung; new fence in rear of building—Waters & Hynes, \$160.00.

Plains Primary School:—Conductor pipes repaired—Waters & Hynes, \$32.00.

South School:—Fence repaired; outbuildings shingled and repaired—T. F. Maher, \$30.00.

PLUMBING AND HEATING.

There was the usual summer overhauling and repairs of stoves and furnaces.

SPECIAL REPAIRS.

High School boilers—J. F. Damon, \$437.40. Claflin roof—W. J. Maguire Co., \$365.70.

REPLACEMENTS.

Oliver Street steps—Peter Consigli, \$290.00. New furnaces at West Street—F. A. Gould, \$370.00. Inside stairs at West Street—Waters & Hynes, \$116.33.

NEW EQUIPMENT.

Craigulators, Stacy boilers—Efficiency Engineering Corp., \$280.00. New seats and desks at Stacy School—Kenney Bros. & Wolkins, \$451.50. New seats and desks at West Street—Kenney Bros. & Wolkins, \$481.60.

RECOMMENDATIONS.

MORE ROOM FOR THE HIGH SCHOOL.

In the High School, 330 pupils are on a shorter day in the morning and 160 pupils are on a shorter day in the afternoon. In the elementary schools, 227 pupils are on a shortened school day. This is the second year of short-

ened sessions in the High School and the third consecutive year in one elementary school.

Compared with normal conditions and practice in the Milford High School, the students now attending are at a tremendous disadvantage; in fact, they are being woefully defrauded and for the following reasons: The morning periods are shortened six minutes—30 minutes for the whole morning session—and the afternoon periods are shortened 9 minutes, or a total of 54 minutes for the entire session. These sessions were inadequate for work leading to college and normal school credits before the recent changes in such requirements and the present conditions are only tolerated by the State Board of Education, in a Class A High School, with the understanding that they were and are temporary and to be remedied as soon as possible. With the school in session all day long, there is no opportunity for return assignments for either scholarship or discipline, thus putting a serious crimp in the scholastic efficiency and (potentially) in disciplinary effectiveness. Moreover, there is no opportunity for conferences of principal and teachers or for extra-curricular activities of the pupils. Facts like these are apt to be lost sight of by the general public because it is a debt or charge against the future, *but it is a debt none the less which these young people must pay all through their lives in decreased efficiency and earning power and the consequent PROPORTIONATE LOSS IN COURAGE AND SELF-RESPECT.*

In any list of recommendations for the public schools of Milford, therefore, the most important place must be given to the need for more school room, especially in the High and Grammar grades. As has been said again and again elsewhere in this report and in reports of previous years, not only must large sums be expended for new High School accommodations, but such accommodations must be competently designed in the spirit, and from the viewpoint, of the most enlightened modern practice. It is not enough to provide school seatings and conveniences

for a number of pupils, but all elements of the problem must be considered, and any decent, adequate solution must cover them all. A High School building is not a High School building, properly speaking, at all, unless it contains, in addition to the required number of school seatings and adequate conveniences: (1) an adequate assembly hall, properly equipped for social, rhetorical, musical and certain other extra-curricular activities; (2) a properly equipped and lighted gymnasium; (3) well planned, lighted, furnished and equipped laboratory facilities; (4) manual training rooms for both boys and girls, with adequate equipment; (5) room and equipment for school lunches; (6) study rooms; (7) a centrally located, adequately lighted and furnished library of sufficient size; (8) an up-to-date commercial section with sunny, attractive rooms for typewriting, bookkeeping, banking and business practice; (9) a drawing and art section of sufficient size and proper proportion, with correct lighting, and (10) (for Milford) decent administrative quarters for the School Department.

ATYPICAL CLASSES.

In previous reports, I have recommended atypical classes. Some progress has been made looking to the realization of this during the present year. It is expected that a clinic will be held in Milford the coming spring, as the result of which the actual number of cases will be determined and the necessary steps can be taken to start such classes in Milford. The writer cannot stress too strongly the importance of suitable quarters, and, what is still more vital, adequately trained special teachers for this work.

MANUAL COURSES FOR BOYS.

The schools of Milford will never approximate their maximum efficiency until the long standing injustice whereby the boys in the middle grades have no hand training whatever, is removed and some adequate hand work is provided for them.

AN ADDITIONAL MUSIC TEACHER.

Attention has been called in previous reports to the analogy in the departments of drawing and music. A second supervisor of drawing has been provided and a second supervisor of music should be forthcoming.

HEATING SYSTEMS.

Furnaces in the older part of the Plains Primary School may last until the end of the current school year, with temporary repairs, but they cannot serve longer. (These heaters are over 20 years old.) If feasible, I recommend that the small auxiliary boiler be removed and a second boiler of like size and capacity to that already in operation there, be laid down in the boiler room in the new part of the building. It is thought that the two large boilers thus secured would heat the Primary building and the annex nearby. The two furnaces in the annex, which are nearly new, could then be taken down and reset in two rooms where there are still stoves. I further recommend that a new heating plant be installed in the Spruce Street School. These furnaces are over 20 years old and have reached the end of their usefulness.

In conclusion, I take this opportunity, from my heart to thank you, gentlemen of the committee, not only for the patience and consideration that I, as well as my fellow-workers, have at all times received at your hands, but for the expression of sympathy from you to me and mine when I was forced out of the game and for many weeks occupied a stretcher on the sidelines. In this connection I wish in addition to thanking my associates for their continued co-operation, again most cordially to thank them for their manifold cheery words and kindly deeds during those slowly dragging days.

Respectfully submitted,

ALMORIN O. CASWELL,
Superintendent of Schools.

Milford, Mass., January 15, 1926.

Report of the School Physicians.

To the School Committee:

The following tables show the results of our inspection of the Milford schools for the year 1925.

Table I—Showing the Grade of the Defects:

	Prim.	Gram.	High	Total	Percent-age
Whole number of pupils inspected.....	1288	977	480	2745	
No. having no noticeable defects.....	249	298	221	768	28%
No. having only slight defects	326	275	140	741	27%
No. having serious defects	731	404	119	1236	45%

This is the most satisfactory showing made in any year since the beginning of school inspection in 1909. In that year the proportion of pupils having no noticeable defects was 9 per cent. From 1911 to 1922, inclusive, it was 12 per cent. In 1923 it rose to 14%; in 1924 to 22%; and this year it reaches 28%, a most gratifying improvement. Let it be noted that the most notable improvement is coincident with the development of the work of the school nurse and the Dental Clinic.

Table II—Showing the Nature of the Defects:

	Prim.	Gram.	High	Total	Percent-age
Whole number of pupils inspected.....	1288	977	480	2745	
No. having mouth and teeth defects.....	811	526	124	1461	53%
No. having nose and throat defects.....	288	350	101	739	27%
No. having miscellaneous defects	30	37	58	125	5%

Here again we find evidence of improvement in the

smaller than usual proportion of defects of the various kinds; and this is especially evident in the eighth grade, though this is not shown in the tables as given.

Table III—Showing the Comparative Weights of the Pupils:

Whole number of pupils weighed.....	2612
Number of pupils 10% below the average.....	483
Number of these having special examination at underweight clinic	195
Number of the 195 having X-rays of the chest....	40

School inspection reveals facts which are somewhat surprising, and it may interest the committee to know some of them as well as their bearing on the health, the efficiency, and the achievements of the pupils; also the relation which they bear to the teachers' labors and their results.

So far as we have completed the weighing of the children, we have found 483 out of 2,112 who were at least 10% under the average weight of their age and height. That is, nearly 23% of the school children are so far under average weight as to excite grave fear that they may be suffering from a serious health defect, possibly tuberculosis in an incipient stage, perhaps diseased tonsils or teeth, insufficient food, improper diet, or bad hygiene in the home or in the school.

Whatever the cause, the effect is appalling—nearly one-fourth of the pupils below the High School in such poor physical condition that their weight is 10% or more below normal. Without doubt, this condition is causing failure in studies and failure of promotion. It is a matter of some cost to the Town when a child is compelled to spend two years in one grade; but it is a much greater expense to the parents, and an inestimable expense to the child.

We have found so many instances of close parallelism between poor physical condition and poor mental attainments that we feel very sure that in most cases, correction of one would be followed by great improvement in the

other. If parents could be induced to consult their physician at regular intervals, rather than wait until actual sickness compels, they would learn the value of prevention and the proper way of ensuring the health of their children.

The good results of school inspection are much more apparent today than they were ten years ago. Parents are more interested in the notices which the children bring home after examination by the school physician. It would seem almost unbelievable that there should still be some whose apprehension is not aroused nor their curiosity excited even after they have been notified three or four successive years that their child is suffering from adenoids and diseased or abnormally enlarged tonsils, and this, perhaps, in the face of the fact that he or she has had to repeat one, two, or even three years of school work. Such cases do occur; our school nurse is continually following them up, tirelessly preaching to them the gospel of health; but there are still too many who fail to respond to her preaching.

This year we have enrolled in our first grades throughout the Town 280 pupils. Of these, 44 are repeaters (spending their second or third year in the first grade)—over 15%. It would seem that the cause of failure might be easily determined in the low classes. The excuse of too many out-of-school attractions would have less weight in the cases of these six-year-old children. Is it lack of mental ability? Probably not; if it were we ought to find the same proportion of failures throughout the upper grades. Is it poor teaching? No; our best and most conscientious teachers have many failures. The cause seems to lie within the child, and it is probably physical rather than mental. Many of them enter the first grade too young. They are not sufficiently developed to grasp what is being offered them, and they waste a year without much intellectual gain and with a distinct physical loss. The year would have done them much more real good if it had been spent in the open air and sunlight.

There can be little doubt but that a large number of the failures in the first grade are due to physical defects which might be readily corrected but are not corrected until the child has shown by its slow mental and physical growth, its frequent failures and repeated illnesses that something is radically wrong. By this time, he or she has left the first grade and may have reached the second, third or fourth, after surmounting difficulties which never should have been allowed to obstruct his progress.

These facts as well as the observations of several years in the work of the school inspection lead us to believe that there would be some advantage in raising the age of school entrance to six years.

CLASS OFFICERS.

President, Clarence Frederic O'Connell,
 Vice-President, Helen Mary Feeley,
 Secretary, Beatrice Anna Egan,
 Treasurer, Harvey Morgan Clough.

Class Colors: Heliotrope, Purple and Violet.

Class Flower: Butterfly Rose. Class Motto: "Deeds not Words."

CLASS ODE.

(*Air: "Araby's Daughter."*)

The path of the future now spreads out before us

A path that is difficult, rugged, but true.

'T is ours to ascend it; our feet must not fail us

'Til over its brow shines a clear sky of blue.

Four years we have spent in industrious labor.

Together we've striven the right to maintain;
And now with sad hearts but in purpose no waver,

We're ready to sail across life's stormy main.

We leave you! We leave you! May God always keep you

Endeared in our hearts and our souls 'til the end.

And where e'er we wander we always will love you.

May no earthly power your love from us rend!

CHORUS:

Our ways they will separate, Fate will divide us,

But ever your memory haunts us anew.

O Fair Alma Mater, with courage provide us

To answer our summons with honor to you.

—Clarence Frederic O'Connell.

TOWN RECORDS.

1925.

TOWN RECORDS.

WARRANT FOR THE ANNUAL TOWN MEETING, MARCH 2, 1925.

COMMONWEALTH OF MASSACHUSETTS.

Worcester, ss.

To either Constable in the Town of Milford, in said County, Greeting:

In the name of the Commonwealth aforesaid, you are hereby required to notify and warn the inhabitants of said Town, qualified by law to vote in elections and in town affairs, to meet at the Town Hall, in said Town, on Monday, the second day of March, A. D. 1925, punctually at 5:45 o'clock in the forenoon, to act upon the following articles, namely:

(The polls may be closed at four o'clock in the afternoon on said day of meeting.)

Article 1. To choose a moderator to preside at said meeting.

Article 2. To choose all necessary town officers, a town clerk, town treasurer, tax collector, auditor, three selectmen, highway surveyor (for one year), one assessor (three years), two members of the school committee (three years), one overseer of the poor (three years), one member of the board of health (three years), one sewer commissioner (three years), two trustees of town library (three years), one trustee of town library (one year, to fill vacancy), two trustees of Vernon Grove Cemetery (three years), one park commissioner (three years), one member of the planning board (three years), one tree warden (one year), and five constables (one year); to be voted for on ballots prepared and furnished in accordance with the provisions of Chapter 54, of the General Laws of Massachusetts, and acts in amendment thereof, and addition thereto.

Article 3. To hear and act upon the reports of the selectmen, town clerk, town treasurer, tax collector, audi-

tor, assessors, overseers of the poor, sewer commissioners, school committee, trustees of town library, trustees of Vernon Grove Cemetery, park commissioners, highway surveyor, chief of police, engineers of the fire department, town solicitor, inspector of wires, inspector of plumbing, inspector of animals, sealer of weights and measures, and any other officers or committees of said town.

Article 4. To raise and appropriate such sum or sums of money as may be necessary to defray town expenses for the financial year ending December 31, 1925.

Article 5. To determine when all taxes for the year 1925, shall become due and payable, the time from which interest on unpaid taxes of said year shall be charged and the compensation of the collector of taxes for the year ensuing.

Article 6. To see if the Town will vote to raise and appropriate the sum of Four Hundred Dollars (\$400.00) towards defraying the expenses of Memorial Day.

Article 7. To see if the Town will vote to authorize the selectmen to take charge of all legal proceedings for or against the town.

Article 8. To see if the Town will vote to authorize the treasurer, with the approval of the selectmen, to borrow money on and after January 1, 1926, in anticipation of the revenue of the financial year beginning January 1, 1926.

Article 9. To see if the Town will vote to raise and appropriate the sum of One Hundred Dollars (\$100.00) to be paid to the Trustees for County Aid to Agriculture in accordance with the provisions of, and for the purposes of Chapter 128, General Laws of Massachusetts, or for the support of demonstration work in agriculture, home economics, or Boys' and Girls' Club Work; under the direction of the agent or instructors, or the trustees, co-operating with the local town director, or pass any vote or votes in relation thereto.

Article 10. To see if the Town will vote to choose a director in accordance with the provisions of Chapter 128,

General Laws of Massachusetts; or pass any vote or votes in relation thereto.

Article 11. To see if the Town will vote to authorize the treasurer to transfer the unexpended balances of the following accounts into the surplus revenue account, or take any action in relation thereto.

Board of Health: Unpaid bills of 1921..	\$141 89
Dilla Street sidewalk.....	37 00
Grant Street repairs.....	24 40
Highways: Repairs to Town barn.....	3 26
Incidentals: Unpaid bills of 1923.....	10 00

Sidewalk: East Main Street.....	3 00
Street Lights: West Fountain Street..	63 00
Watering trough, removal of.....	96 30
New fire alarm box, near Hopedale Mfg. .	
Co. plant	6 54
Whitney Street repairs.....	2 45

Article 12. To see if the Town will vote to authorize the treasurer to transfer the unexpended balance, viz., \$2.90 of the 1923 Cedar Street construction account, to the 1924 Cedar Street construction account, or take any action in relation thereto.

Article 13. To see if the Town will vote to accept the provisions of Section 48 of Chapter 31 of the General Laws of Massachusetts, vote to restrict the application of the provisions of said Chapter and the amendments thereto to the police force, pass any vote or take any action in relation thereto.

Article 14. To see if the Town will vote to accept the provisions of Section 49 of Chapter 31 of the General Laws of Massachusetts which extends the provisions of

the Civil Service to the chief of police, or take any action in relation thereto.

Article 15. To see if the Town will vote to increase the pay of the call members of the Milford Fire Department from One Hundred Dollars (\$100.00) per man per year to Two Hundred Dollars (\$200.00) per man per year, and the pay of the engineers of the said department from One Hundred and Fifty Dollars (\$150.00) per man per year, to Three Hundred Dollars (\$300.00) per man per year, said increases to be effective May 1, 1925, and raise and appropriate the sum of Twenty-nine Hundred and Seventy-five Dollars (\$2,975.00) additional to the amount recommended by the Finance Committee for pay of members of the Fire Department, or take any action in relation thereto.

Article 16. To see if the Town will vote to increase the salary of the treasurer from One Thousand Dollars (\$1,000.00) per year to Fifteen Hundred Dollars (\$1,500.00) per year, or take any action in relation thereto.

Article 17. To see if the Town will vote to raise and appropriate a sum not exceeding Seventy-six Hundred Dollars (\$7,600.00) for the purpose of the maintenance and operation of sewers in the Town of Milford, or take any action in relation thereto.

Article 18. To see if the Town will vote to raise and appropriate an additional sum not exceeding Thirty-five Hundred Dollars (\$3,500.00) for the purpose of further constructing its system of sewerage with particular reference to the completion of the sewage disposal works, or take any action in relation thereto.

Article 19. To see if the Town will vote to raise and appropriate the sum of Eight Hundred and Nine Dollars and Thirty-seven Cents (\$809.37) to pay unpaid bills of the Sewer Commission in the year 1924, or take any action in relation thereto.

Article 20. To see if the Town will vote to raise and appropriate the sum of One Thousand Dollars (\$1,000.00)

for the purpose of making repairs to the lower end of Whitney Street, or take any action in relation thereto.

Article 21. To see if the Town will vote to raise and appropriate money for the purpose of repairing Short Street and rebuilding sidewalk on the easterly side of said street, or take any action in relation thereto.

Article 22. To see if the Town will vote to raise and appropriate the sum of Twelve Hundred Dollars (\$1,200.00) for the purpose of repairing Cherry Street and building sidewalks on said street, or take any action in relation thereto.

Article 23. To see if the Town will vote to raise and appropriate the sum of One Thousand Dollars (\$1,000.00) for the purpose of repairing Beach Street Extension, and the sidewalks on said street, or take any action in relation thereto.

Article 24. To see if the Town will vote to raise and appropriate the sum of Twenty-five Hundred Dollars (\$2,500.00) for the purpose of building a tar sidewalk on the easterly side of Cedar Street, from the corner of East Main Street, to Saint Mary's new cemetery, or take any action in relation thereto.

Article 25. To see if the Town will vote to raise and appropriate the sum of One Thousand Dollars (\$1,000.00) for the purpose of repairing Madden Avenue, or take any action in relation thereto.

Article 26. To see if the Town will vote to place a fire alarm box at or near the corner of Franklin and Claflin Streets, appropriate necessary money therefor, or take any action in relation thereto.

Article 27. To see if the Town will vote to raise and appropriate the sum of One Thousand Dollars (\$1,000.00) for the further extension of the sewer on North Street, or take any action in relation thereto.

Article 28. To see if the Town will vote to locate a fire alarm box at the corner of Central and East Streets, appropriate necessary money therefor, or take any action in relation thereto.

Article 29. To see if the Town will vote to raise and appropriate the sum of Fifty Dollars (\$50.00) for the purpose of locating a hydrant on the upper end of Emmons Street, or take any action in relation thereto.

Article 30. To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000.00) for the purpose of constructing a sewer on Glines Avenue, and vote to raise and appropriate the sum of One Thousand Dollars (\$1,000.00) to pay land damages in connection with the construction of said sewer, or take any action in relation thereto.

Article 31. To see if the Town will vote to raise and appropriate the sum of One Hundred and Twenty-six Dollars (\$126.00) for the location of seven additional street lights on Beaver Street, from the corner of Central and Beaver Streets to a point opposite the residence of Michael O'Brien, or take any action in relation thereto.

Article 32. To see if the Town will vote to raise and appropriate the sum of Fifty-four Dollars (\$54.00) for the purpose of locating three street lights on Ferguson Street, or take any action in relation thereto.

Article 33. To see if the Town will vote to appoint a committee to take such action as may be necessary to abolish the Sewer Commission and consolidate the Sewer and Highway Departments under one authority, or take any action in relation thereto.

Article 34. To see if the Town will vote to raise and appropriate the sum of Two Hundred and Fifty Dollars (\$250.00) for the purpose of reimbursing the Town of Hopkinton for money expended in 1924, towards the cost of operation of Hopkinton Division of the M. & U. Street Railway, or take any action in relation thereto.

Article 35. To see if the Town will vote to appoint a committee to investigate the matter of installing sprinklers in public buildings, or take any action in relation thereto.

Article 36. To see if the Town will authorize the selectmen to provide parking space for automobiles on

the town property either or both sides of Town Hall building, raise and appropriate money therefor, or take any action in relation thereto.

Article 37. To see if the Town will vote to authorize the School Committee to petition the Legislature for authority to raise, outside the statutory debt limit, a sum of money not to exceed Three Hundred Thousand Dollars (\$300,000.00) for the purpose of making alterations and additions to the Milford High School, or take any action in relation thereto.

Article 38. To see if the Town will vote to raise and appropriate the sum of Four Hundred Dollars (\$400.00) for the purpose of extending its system of sewerage on Dominick Street, or take any action in relation thereto.

Article 39. To see if the Town will vote to raise and appropriate the sum of Fifteen Hundred Dollars (\$1,500.00) for the purpose of constructing a sewer on Plain Street, beginning at the corner of East Main and Plain Streets, or take any action in relation thereto.

Article 40. To see if the Town will vote to authorize the selectmen to appoint a committee to report at the next Town meeting, on whether the Town should establish a town forest, or take any action in relation thereto.

Article 41. To see if the Town will vote to raise and appropriate the sum of Six Hundred Seventy-five Dollars (\$675.00), for the purpose of constructing a sewer on Quinlan Street, or take any action in relation thereto.

Article 42. To see if the Town will vote to locate eight electric lights on West Fountain and Highland Streets, from the property of Percy Abell on West Fountain Street, to property of William Bandy at the corner of said streets, thence on Highland Street to property of Daniel Glennon, raise and appropriate the sum of One Hundred and Twenty-eight Dollars for said purpose, or take any action in relation thereto.

And you are hereby directed to serve This Warrant by posting up attested copies thereof at each of the Public Meeting Houses and at the Post Office in said Town: also

cause attested copies to be published in The Milford Daily News and Milford Gazette, newspapers published in said Town, Two Sabbaths at least before the time set for said meeting.

Hereof Fail Not, and make due return of this warrant with your doings thereon to the Clerk of said Town, at the time of meeting aforesaid.

Given under our hands at Milford, this 17th Day of February, A. D. 1925.

JOHN E. HIGGISTON,
DEAN R. SPINDEL,
Selectmen of Milford.

A true copy.

Attest:

JOHN J. MOLONEY,
Constable of Milford.

COMMONWEALTH OF MASSACHUSETTS.

Worcester, ss.

Milford, March 2, 1925.

Pursuant to the within warrant I have notified the inhabitants of the Town of Milford herein described, to meet at the time and place and for the purposes within mentioned, by posting up attested copies of this warrant at each of the Public Meeting Houses and at the Post Office in said Town; and I have likewise caused attested copies of this warrant to be published in the Milford Daily News and Milford Gazette, newspapers printed in said Town, two Sabbaths before the time set for said meeting.

Attest:

JOHN J. MOLONEY,
Constable of Milford.

A true copy of the warrant and the officer's return thereon.

Attest:

DENNIS, J. SULLIVAN,
Town Clerk.

ANNUAL TOWN MEETING MARCH 2, 1925.

COMMONWEALTH OF MASSACHUSETTS.

Worcester, ss.

Milford, March 2, 1925.

At a legal meeting of the inhabitants of the town of Milford, qualified by law to vote in elections and in town affairs, holden this second day of March, 1925, at 5:45 o'clock in the forenoon, the said inhabitants proceeded as follows:

The meeting was called to order by the town clerk, who read the warrant and the officer's return thereon.

Under Article 1. The meeting made choice of John T. McLoughlin as moderator, the voting lists being used.

One ballot was cast, which was for John T. McLoughlin.

The moderator was sworn to a faithful performance of his duties by the town clerk.

The ballot box used in elections was examined and shown to be empty.

The register on the box was set at 0000, the box locked and the keys delivered to John J. Moloney, constable in attendance at said meeting.

Packages said to contain 6050 official ballots, specimen ballots and cards of instructions and penalty cards were delivered by the town clerk to the moderator.

The ballots were then placed in the possession of the ballot clerks.

All legal requirements having been complied with, the polls were declared open at 5:55 A. M.

Harold K. Bullard and James J. Connors, tellers appointed by the selectmen to check the voting lists at the polls, Charles W. Gould and George V. Larkin, ballot clerks, and William E. Gallagher and Benjamin J. Clancy, deputy ballot clerks, were sworn to a faithful performance of their duties by the town clerk.

Voted: To close the polls at 8 o'clock P. M.

Voted: That after the completion of action under

Article 2 the meeting be adjourned until Friday, March 6, 1925, at 8 o'clock P. M., in Town Hall.

During the voting the ballot box was opened, by the unanimous consent of the moderator and town clerk, five times for the purpose of taking out, sorting and counting the ballots; first at 11:27 o'clock A. M., when the box registered 803; then at 2:50 o'clock P. M., when it registered 1026; then at 4:15 o'clock P. M., when it registered 2211; then at 5:40 o'clock P. M., when it registered 2836; then at the close of the polls, 8 o'clock P. M., when it registered 4079.

The ballot box count and the count of the tellers checking the voting lists and the ballot clerks did not agree, the ballot box not registering the ballots properly.

The names of those on the lists of voters which were checked and audibly counted were found to be 4071.

The following tellers appointed by the selectmen were sworn to a faithful performance of their duties by the town clerk, and began their duties at 2 o'clock P. M.

Ellsworth J. Nutter, Frank A. Bixby, Walter A. Vant, M. Henry DeCoste, George E. Stanley, Garden W. Rae, George A. Richardson, Henry Aspesi, Frank R. Fahey, John F. Hennessey, George S. Whitney, Owen Ferguson, Ernest L. Schultz, William E. Moore, Louis Jacobs, Thomas A. Nugent, Burton N. Hoffman, Dennis P. Flynn, William J. Darney, Fred J. Luby, Angelo Morcone, Joseph D. Cahill, William J. Bird, Otto W. Beiersdorf, J. Warren Richardson, Jeremiah F. Roche, Jr., Ernest Iannitelli, Patrick H. Gillon, Myron Morey, Edward D. Herlihy, Ovide DelCastella, Arthur E. Sheedy.

The following additional tellers appointed by the selectmen and approved by the moderator were sworn to a faithful performance of their duties by the town clerk, and began their duties at 8 o'clock P. M.:

Leo M. Murray, Eugene F. Marino, Henry Sanclemente, Frederick McDonough, Patrick H. Burke, Frank J. Hynes, Wallace B. Mader, Clifton Cross, Allan G. Kennedy, Joseph J. Fahey, Francis J. Carron, Albert J. Lar-

kin, John F. Burke, Jr., Michael J. Collins, Charles V. Touhey, James P. Bird.

The ballots having been sorted and counted and the whole number of ballots cast found to be 4071, said ballots were sealed in envelopes, placed in two boxes which were nailed and sealed and the endorsement of the election officers placed thereon.

The voting lists used at the polls and at the table of the ballot clerks were sealed and endorsed by the checkers and ballot clerks.
elected.

The moderator then declared the following officers
The vote was announced at 3:20 o'clock A. M. March
3, 1925.

UNPAID BILLS.

This year, the Highway Surveyor, the Overseers of the Poor, the Sewer Commissioners, and the Park Commissioners are guilty of exceeding their appropriations. The Finance Committee again calls attention to the fact that officers render themselves liable to indictment when exceeding their appropriations. The fact that outstanding bills for their department have not been presented before the close of the fiscal year is not a valid excuse for overdrawing, in the minds of the Committee. We feel that no town officer is properly performing his duties who does not know the amount of indebtedness that he has contracted and has not retained sufficient funds to meet it.

We have increased the general appropriations in the highway department to \$46,000.00. The former highway surveyor requested this amount, stating substantial repairs were to be made on South Main Street, Fruit Street, part of Main Street, Depot Street, Congress Street, Cedar Street and Central Street. The present highway surveyor is also committed to this plan. Accordingly, with the increased appropriation, these several streets will receive much needed attention.

TOWN WARRANT.

Article 15. Relative to increase in pay in the fire department, the committee recommends that the pay of each call member of the department be increased \$50.00 per year, making the total of each man's pay \$150.00 per year; that the pay of each engineer be increased \$50.00

per year, so that the total pay of each engineer will be \$200.00 per year.

To meet the funds necessary for this increase, we have made provisions in the fire department appropriation of an additional \$1,400.00, this being an amount necessary for the remainder of the year from May 1, the date when the increase is to take effect.

Article 16. Relative to increase of salary of town treasurer to \$1,500.00. We recommend that it be acted upon favorably.

Article 21. Repairs to Short Street.

Article 22. Repairs to Cherry Street.

Article 23. Repairs to Beach Street Extension. We recommend be passed over, and that the highway surveyor give immediate attention to the repairs requested on said streets. Highway general appropriation has been increased from \$35,000.00 to \$46,000.00, so that this extra money may be available for the specific repairs.

Article 24. Relative to building a tar sidewalk on Cedar Street. We recommend be passed over.

Article 25. Calling for \$1,000.00 for repairing Madden Avenue. We recommend be acted upon favorably.

Articles 27, 30, 38, 39, 41. Calling for appropriations for extension of the sewerage system upon certain streets. We recommend be passed over, as we have given the sewerage commission an extra appropriation of \$5,000.00 for sewerage construction to be used on these streets in 1925, to such an extent as this amount will pay for. It is the plan of this committee to appropriate a similar amount for new construction each year, so that gradually such parts of the town, which require sewerage facilities, shall be provided for.

Article 34. Relative to re-imbur sing the Town of Hopkinton \$250.00. We recommend be acted upon favorably.

Article 37. Relative to petitioning the Legislature for authority to raise \$300,000.00 for the purpose of making alterations and additions to the Milford High School.

The finance committee recognizes the fact that there is an overcrowded condition in the Stacy and High Schools. At the same time it is aware of unsatisfactory and improper conditions, that are a menace to the health of the children, are contrary in some instances to the regulations and orders of the State authorities, and come near to being a disgrace to the town, at the so-called Brick, Chapin Street, Plains, and West Street schoolhouses. Inasmuch as the carrying out of the plan proposed by the school committee would solve only one of our several schoolhouse problems, and in all probability would necessitate an increase in the town's debt to an amount at least 50 per cent beyond our present debt limit, the finance committee cannot recommend the adoption of the school committee's plan. We feel that there should be a further study of Milford's schoolhouse needs with a view to securing and presenting to the voters a less costly building plan for alleviating the regrettable crowded conditions at the Stacy and High Schools, and that at the same time, there should be presented plans for remedying some or all of the deplorable conditions existing at other schoolhouses mentioned.

Accordingly, we recommend, under Article 37, that a committee be appointed by the Chair, consisting of one member of the board of selectmen, two members of the school board, and two citizens at large, who are not members of either of said boards, to consider and investigate the situation in the premises, and to report back their conclusions at a future town meeting.

Respectfully submitted,

THOMAS J. WELCH,
Chairman.

WILLIAM A. MURRAY,
Secretary.

ADJOURNED TOWN MEETING, MARCH 10, 1925.

COMMONWEALTH OF MASSACHUSETTS.

Worcester, ss.

Milford, March 10, 1925.

In pursuance to a vote passed at an adjourned town meeting, March 6, 1925, the inhabitants of the Town of Milford, qualified by law to vote in elections and town affairs, met in Town Hall and proceeded as follows:

The meeting was called to order by John T. McLoughlin, moderator, at eight o'clock P. M.

Article 15. A motion that the Town increase the pay of the call members of the Milford Fire Department from One Hundred Dollars (\$100.00) per man per year to Two Hundred Dollars (\$200.00) per man per year, and the pay of the engineers of said department from One Hundred and Fifty Dollars (\$150.00) per man per year to Three Hundred Dollars (\$300.00) per man per year, said increases to be effective May 1, 1925, and that the Town raise and appropriate the sum of Twenty-nine Hundred and Seventy-five Dollars (\$2,975.00) for said increases was voted down.

An amendment to the above motion, that the town increase the pay of the call members of the Milford Fire Department from One Hundred Dollars (\$100.00) per man per year to One Hundred and Fifty Dollars (\$150.00) per man per year and the pay of the engineers of said department from One Hundred and Fifty Dollars (\$150.00) per man per year to Two Hundred Dollars (\$200.00) per man per year was carried by a voice vote.

It was voted: To raise and appropriate the sum of Twelve Thousand Nine Hundred and Twenty Dollars (\$12,920.00) for pay of members of the Fire Department.

Voted: To pass over the article.

Article 16. A motion to pass over the article was lost on a voice vote. A motion to increase the salary of the Treasurer from One Thousand Dollars (\$1,000.00) per year to Fifteen Hundred Dollars (\$1,500.00) per year was lost. Yes, 347; No, 553.

Voted: To increase the salary of the Treasurer from One Thousand Dollars (\$1,000.00) per year to Twelve Hundred Dollars (\$1,200.00) per year. Voice vote:

Voted: To pass over the article.

Voted: To pass over the article.

Article 30. Voted: To pass over the article.

Article 31. Voted: To raise and appropriate the sum of One Hundred and Twenty-six Dollars (\$126.00) for the purpose of locating seven (7) additional street lights on Beaver Street, from the corner of Central and Beaver Streets, to a point opposite the residence of Michael O'Brien.

Voted: To pass over the article.

Article 32. Voted: To raise and appropriate the sum of Fifty-four Dollars (\$54.00) for the purpose of locating three (3) street lights on Ferguson Street.

Voted: To pass over the article.

Article 33. Voted: To pass over the article.

Article 34. Voted: To raise and appropriate the sum of Two Hundred and Fifty Dollars (\$250.00) for the purpose of reimbursing the Town of Hopkinton for money expended in 1924, towards the cost of operation of the Hopkinton Division of the M. & U. Street Railway.

Voted: To pass over the article.

Article 35. Voted: That John H. Cunniff, Joseph H. Doyle, William J. Walker, and the Board of Selectmen be a committee to investigate and report at some future meeting the probable cost of, and the reduction in insurance rates likely to result from the installing of sprinkler systems in the larger and more valuable buildings owned by the Town.

Voted: To pass over the article.

Article 36. Voted: To pass over the article.

Article 37. Voted: That the school committee be and hereby are authorized to petition the Legislature for authority to raise, outside the statutory debt limit, a sum not to exceed the sum of Three Hundred Thousand Dollars (\$300,000.00) for school building purposes. Voice vote.

Voted: That the school committee, the three members of the Board of Selectmen, George F. Birch and Benjamin T. Clancy, be a committee to petition the Legisla-

ture for authority to raise, outside the statutory debt limit, a sum not to exceed the sum of Three Hundred Thousand Dollars (\$300,000.00) for school building purposes. Yes, 316; No, 153; Sumner C. Reynolds, William J. Moore, Benjamin T. Clancy and Allen A. Hartwell having been appointed by the moderator to count the hand vote.

Voted: To pass over the article.

Article 38. Voted: To pass over the article.

Article 39. Voted: To pass over the article.

Article 40. Voted: To pass over the article.

Article 41. Voted: To pass over the article.

Article 42. Voted: To locate eight electric lights on West Fountain and Highland Streets, from the property of Percy Abell on West Fountain Street to property of William Bandy at the corner of said streets, thence on Highland Street to property of Daniel Glennon, raise and appropriate the sum of One Hundred and Twenty-eight Dollars (\$128.00) for said purpose.

Voted: To pass over the article.

Voted: To take up Article 4.

Article 4. Voted: To raise and appropriate the sum of Four Hundred and Sixty-one Dollars and Fifty-one Cents (\$461.51) for Cedar Street construction, unpaid bill of 1923.

Voted: To dissolve the warrant.

MEETING TO FILL VACANCY ON BOARD OF
TRUSTEES OF TOWN LIBRARY.

COMMONWEALTH OF MASSACHUSETTS.

Worcester, ss.

Milford, March 25, 1925.

At a joint meeting of the Board of Trustees of Town Library and the Board of Selectmen held on the above date for the purpose of filling the vacancy on the Board of Trustees of Town Library caused by the death of Nathaniel F. Blake, the said boards proceeded as follows:

Thomas J. Quirk, trustee of Town Library, was chosen as chairman.

Dennis J. Sullivan, town clerk, was chosen as secretary.

A ballot was taken for the choice of trustee. Whole number of ballots cast, seven, all of which were for Charles A. Blaisdell.

Charles A. Blaisdell was declared elected to said office.

Philip Cenedella, Thomas F. Malloy, John E. Higginson, selectmen, and Thomas J. Nugent, George W. Wood, Thomas J. Quirk and Stephen J. Reynolds, trustees of Town Library, were present and voted.

WARRANT FOR SPECIAL TOWN MEETING
 AUGUST 3, 1925.

COMMONWEALTH OF MASSACHUSETTS.

Worcester, ss.

To Either Constable in the Town of Milford, in said County, Greeting:

In the name of the Commonwealth aforesaid, you are hereby required to notify and warn the inhabitants of said Town, qualified by law to vote in elections and in town affairs, to meet at the Town Hall, in said Town, on Monday, the third day of August, A. D. 1925, punctually at eight o'clock in the evening, to act upon the following articles, namely:

Article 1. To choose a moderator to preside at said meeting.

Article 2. To hear and act upon the report of any committees of said Town.

Article 3. To see if the Town will vote to accept and adopt a by-law or by-laws to provide for the limitation of particular classes of buildings to specified districts or zones, as provided for in General Laws, Chapter 40, Section 25, and amendments thereto, or take any action in relation thereto.

Article 4. To see if the Town will vote to raise and appropriate, or to appropriate a sum of money for im-

proving the unsanitary conditions in the Charles River valley, or take any action in relation thereto.

Article 5. To see if the Town will vote to make application to the General Court of Massachusetts for the passage of an act to authorize precinct voting, representative town meetings, the election of town meeting members, a referendum, and an annual moderator in the Town of Milford, or take any action in relation thereto.

Article 6. To see if the Town will vote to accept Section 120 A of Chapter 94 of the General Laws of Massachusetts, and establish as a further fee thereunder the sum of fifty cents for each animal slaughtered under such license, or take any action in relation thereto.

And you are hereby directed to serve This Warrant by posting up attested copies thereof at each of the Public Meeting Houses and at the Post Office in said Town; also cause an attested copy to be published in The Milford Daily News, a newspaper published in said Town, Two Sabbaths at least before the time set for said meeting.

Hereof Fail Not, and make due return of this warrant with your doings thereon to the clerk of said Town, at the time of meeting aforesaid.

Given under our hands at Milford, this 21st day of July, A. D. 1925.

PHILIP CENEDELLA,
THOMAS F. MALLOY,
JOHN E. HIGGISTON,
Selectmen of Milford.

A true copy. Attest:

ERNEST E. O'BRIEN,
Constable of Milford.

COMMONWEALTH OF MASSACHUSETTS.
Worcester, ss.

Milford, August 3, 1925.

Pursuant to the within warrant I have notified the inhabitants of the Town of Milford herein described to meet at the time and place and for the purposes within

mentioned, by posting up attested copies of this warrant at each of the Public Meeting Houses, and at the Post Office in said Town, and I have likewise caused an attested copy of this warrant to be published in the Milford Daily News, a newspaper printed in said Town, Two Sabbaths before the time set for said meeting.

Attest: ERNEST E. O'BRIEN,

Constable of Milford.

A true copy of the warrant and the officer's return thereon.

Attest:

DENNIS J. SULLIVAN,

Town Clerk.

SPECIAL TOWN MEETING, AUGUST 3, 1925.

COMMONWEALTH OF MASSACHUSETTS.

Worcester, ss.

Milford, August 3, 1925.

In pursuance to the foregoing warrant the inhabitants of the Town of Milford, qualified by law to vote in elections and in town affairs, met in Town Hall in said town on Monday the third day of August, A. D. 1925, punctually at eight o'clock in the evening and were called to order by the Town Clerk, who read the warrant and the officer's return thereon.

Under Article 1, the town clerk was instructed to cast one ballot for John T. McLoughlin, for moderator, the vote being unanimous. The clerk did as instructed and John T. McLoughlin was declared elected moderator.

The moderator was sworn to a faithful performance of his duties by the town clerk.

Article 2. Voted: To pass over the article.

Article 3. Voted: To pass over the article.

Article 4. The Finance Committee recommended that \$10,000.00 be appropriated for the purpose mentioned in the article.

Voted: That the Town raise and appropriate the sum of \$10,000.00 for the purpose of improving the

unsanitary conditions in the Charles River Valley, the money to be expended by the Town Board of Health in carrying out the plans of the Milford Reclamation District under the direction of the State Reclamation Board, and the town treasurer, with the approval of the Board of Selectmen, be and hereby is authorized to borrow said sum and to issue bonds or notes of the Town therefor, said bonds or notes to be payable in accordance with the provisions of Chapter 44 of the General Laws, so that the whole loan shall be paid in not more than five years from the date of issue of the first bond or note, or at such earlier dates as the treasurer and the selectmen may determine. Yes, 170; No, 0.

Matthew J. Carbary, Chester F. Williams, Fred M. Daniels and William J. Corbett were appointed by the moderator, tellers to count a rising vote on the question.

Voted: To pass over the remainder of the article.

Article 5. Clifford A. Cook, Chester F. Williams, John C. Lynch, Owen F. Croughwell and Benjamin T. Clancy were appointed a committee to consider the subject matter of the article and report at the next annual Town meeting.

Voted: To pass over the remainder of the article.

Article 6. Voted: To pass over the article.

Voted: To dissolve the warrant.

WARRANT FOR SPECIAL TOWN MEETING
OCTOBER 28, 1928.

COMMONWEALTH OF MASSACHUSETTS.

Worcester, ss.

To either Constable of the Town of Milford, in said County, Greeting:

In the name of the Commonwealth aforesaid, you are hereby required to notify and warn the inhabitants of said Town, qualified by law to vote in elections and in town affairs, to meet at the Town Hall in said Town, on Wednesday, the 28th day of October, A. D. 1925, punctually at eight o'clock in the evening, to act upon the following articles, namely:

Article 1. To choose a moderator to preside at said meeting.

Article 2. To see if the Town will vote to amend that portion of the vote passed under Article 4 of the warrant for the special town meeting held on August 3, 1925, which provides for the borrowing of \$10,000.00 for improving the unsanitary conditions in the Charles River Valley, so as to read as follows:

Voted: That there be raised and appropriated the sum of \$10,000.00 for the purpose of improving the unsanitary conditions in the Charles River Valley, the money to be expended by the Board of Health in carrying out the plans of the Milford Reclamation District under the direction of the State Reclamation Board, and that to meet said appropriation, there be appropriated from the surplus war bonus fund, so-called, the sum of \$3,600.00, and the treasurer, with the approval of the selectmen, be and hereby is authorized to borrow the sum of \$6,400.00 and to issue bonds or notes of the Town therefor, said bonds or notes to be payable in accordance with the provisions of Section 19 of Chapter 44 of the General Laws so that the whole loan shall be paid in not more than five years from the date of issue of the first bond or note, or at such earlier dates as the treasurer and selectmen may determine.

And you are hereby directed to serve this Warrant by posting up attested copies thereof at each of the Public Meeting Houses and at the Post Office in said Town, also cause an attested copy to be published in the Milford Daily News, a newspaper published in said Town, Two Sabbaths at least before the time set for said meeting.

Hereof Fail Not, and make due return of this warrant with your doings thereon to the clerk of said Town, at the time of meeting aforesaid.

Given under our hands at Milford this 15th day of October, A. D. 1925.

SPECIAL TOWN MEETING OCTOBER 28, 1925.
COMMONWEALTH OF MASSACHUSETTS.

Worcester, ss.

Milford, October 28, 1925.

In pursuance to the foregoing warrant the inhabitants of the Town of Milford, qualified by law to vote in elections and in town affairs, met in Town Hall in said Town on Wednesday, the twenty-eighth day of October, A. D. 1925, and were called to order by the town clerk, who read the warrant and the officer's return thereon.

Under Article 1, the meeting made choice of John T. McLoughlin as moderator, the vote being unanimous.

Article 2. Voted: That the Town amend that portion of the vote passed under Article 4 of the warrant for the special Town meeting held on August 3, 1925, which provided for the borrowing of \$10,000.00 for improving the unsanitary conditions in the Charles River Valley, so as to read as follows:

Voted: That there be raised and appropriated the sum of \$10,000.00 for the purpose of improving the unsanitary conditions in the Charles River Valley, the money to be expended by the Board of Health in carrying out the plans of the Milford Reclamation District under the direction of the State Reclamation Board, and that to meet said appropriation there be appropriated from the surplus war bonus fund, so called, the sum of \$3,600.00, and the treasurer, with the approval of the selectmen, be and hereby is authorized to borrow the sum of \$6,400.00 and to issue bonds or notes to the Town therefor, said bonds or notes to be payable in accordance with the provisions of Section 19 of Chapter 44 of the General Laws, so that the whole loan shall be paid in not more than five years from the date of issue of the first bond or note, or at such earlier dates as the treasurer and selectmen may determine.

Gilbert C. Eastman and Vincent I. Duggan were

appointed by the moderator tellers to count the vote.

Result of the vote: Yes, 31; No, 0.

Voted: To dissolve the warrant.

VITAL STATISTICS.

Parents and others are requested to carefully examine the following lists and if any errors or omissions are discovered report them at once to the town clerk, that the record may be corrected, as it is of importance that the record of Vital Statistics should be complete. Herewith are extracts from the General Laws of Massachusetts, Chapter 46.

Section 3. Every physician, or hospital medical officer registered under Section nine of Chapter one hundred and twelve, in this chapter called officer, shall keep a record of the birth of every child in cases of which he was in charge, showing date and place of birth, the name, if any, of the child, its sex and color, the name, age, birthplace, occupation and residence (including the street number, if any, and the ward number, if in a city) of each parent, the maiden name of the mother and the name of the physician or officer, if any, personally attending the birth. If the child is illegitimate, the name of and other facts relating to the father shall not be set forth except upon written request of both the father and mother. Said physician or officer shall, within fifteen days after such birth, mail or deliver to the clerk or registrar of the town where such birth occurred, a report stating the facts herein above required to be shown on said record and also the said written request, if any; provided, that if said report is not so made within forty-eight hours after such birth, said physician or officer shall, within said forty-eight hours, mail or deliver to said clerk or registrar a notice stating the date and place of the birth, the street number, if any, the ward number, if in a city, and the family name. Upon presentation to him of a certificate of the town clerk stating that any such birth has been duly reported, the town treasurer shall pay to such

physician or officer a fee of twenty-five cents for each birth so reported. Any physician or any such officer violating any provision of this section shall forfeit not more than twenty-five dollars.

Section 4. A member or servant of a family in which a child is born, having knowledge of the facts required for record relative to such births, shall furnish the same upon request of the clerk of the town where such child was born or its parents reside, or of any person authorized by him. Such member or servant refusing to furnish such facts shall be punished by fine not exceeding ten dollars.

Section 6. Parents, within forty days after the birth of a child, and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the town where such child is born. Every householder in whose house a death occurs and the oldest next of kin of a deceased person in the town where the death occurs shall, within five days thereafter, cause notice thereof to be given to the board of health, or, if the selectmen constitute such board, to the town clerk. The keeper, superintendent or person in charge of a workhouse, house of correction, prison, reformatory, hospital, almshouse or other institution, public or private, which receives inmates from within or without the limits of the town where it is located shall, when a person is received, obtain a record of all the facts which would be required for record in the event of the death of such person, and shall, on or before the fifth day of each month, give notice to the town clerk of every birth and death among the persons under his charge during the preceding month.

Blanks for returns of births and deaths may be obtained at the office of the town clerk.

DENNIS J. SULLIVAN,
Town Clerk.
